Miss Hines Moves Up.
Miss Kathleen Hines, a new starter among the championship contenders, came through in a dazzling burst of dainty twirling Thursday and covered herself with glory and applause. She is now considered a good bet for first money in the elimination finals to-night and Saturday at the Howard.

Others who tripped the light fantastic for the delight of the crowded Howard house Thursday evening were: Misses Helen Polom, Minnie May Deadwiler, Mamie Swartz, Eddie Sinclair and Tacy Turner. Each of these young artists showed unusual talent and ability, in executing intricate "Charleston" steps and every one of them did credit to their instructors. The voting was very close.

In the audience Thursday were seen a number of young "Charleston" dancers who are patronizing the Howard regularly with an eye to picking up new variations of the latest steps. Managers of the contest reported that each of the four leading dancers is thought to have a number of surprise steps which will be "sprung" on the audience in the event of a close finish under the wire.

Prize for Winner.
The winner of the finals Saturday night will be given a 12 weeks' engagement with the John Murray Anderson production of "Charleston" which will be staged at the Rivoli theater, New York, the week of June 13. She will be taken for a tour of 11 Public theaters, including the Howard of Atlanta, the week of September 5.

NORGE IS LOST IN POLAR WASTES
Continued from First Page.

One of the year the population is about 600, mostly Eskimos. But all were on the watch. An arch of triumph has been erected as part of the city's greeting.

NORGE IS BELIEVED NEARING HOME GOAL.
Nome, Alaska, May 13.—Veiled from sight by overcast Arctic skies and cut off from radio communication by a wall of static, the dirigible Norge is nearing the goal of its epochal flight over the top of the world from Spitzbergen to Alaska.

The big ship with its intrepid crew of 17 explorers, has spanned the great unknown spot of the Arctic and at any moment may come through the fog to receive the cheers of a waiting civilization.

Cryptic radio signals received at St. Paul 10 hours ago brought the first word from the Norge since it started down this side of the world, but two-way communication failed after the ship's operator had reported her bound for Nome.

The St. Paul operator signaled back, but apparently his set was not strong enough to break through the static, as a few minutes later the Norge was heard again.

"Does anyone hear us?" the signal said.

Then the traditional silence of the north prevailed again and all attempts to establish a contact with the

Norge seemed hopeless.

Near Point Barrow.
Radio men said that probably the last set of sputtering dots and dashes came from near Point Barrow, where the Norge might have swung in over the ice to make a final dash down the coast to Nome.

The distance between the two towns is nearly 600 miles. Barring serious difficulties, the Norge should arrive here within a few hours.

Nome has made elaborate plans for welcoming the explorers, sordough and Eskimo joining in decorating the city in the flags of Norway, America and Italy to honor the three countries represented in the Norge's crew.

Captain Roald Amundsen is a Norwegian and leader of the expedition. His assistant is Lincoln Ellsworth, the young American who accompanied him on his unsuccessful airplane trip across the pole last year, and Umberto Nobile, Italian designer of the Norge, is in command of the ship.

All Wednesday night hundreds of rockets remained on the streets, straining their eyes to the northward in the hope of catching a glimpse of the Norge's lights.

Great Rejoicing.
Word that the ship had successfully spanned the "great gap" on world maps caused great rejoicing and everyone seemed determined to remain "on duty" for the celebration.

Every radio station in Alaska and far down the Canadian coast was standing by for signals. But the static made the prospect of a contact seem hopeless.

As the word wore on the crowds were further disappointed by heavy clouds which began massing in the skies over the Arctic ocean. Visibility was so poor that even a craft as large as the Norge would have to be written off a few hundred feet of the landing field before it could be seen.

According to present plans, the Norge will be sighted when it arrives here and shipped back to the United States by boat.

STORM IS INDICATED IN POLAR REGIONS.
Nome, Alaska, May 13.—(By the Associated Press).—All indications here today point to a storm in the territory where the Amundsen-Ellsworth trans-polar dirigible Norge was proceeding from Spitzbergen, via Point Barrow, Alaska, to Nome. The barometer dropped .02 of an inch in the last 24 hours and continued to fall today. No communication had been made between Nome and the Norge up to 10 o'clock this morning.

NO AUTHENTIC WORD COMES FROM NORGE.
New York, May 13.—(AP)—Despite static-riddled radio messages believed to have been sent from the Norge, no authentic word had been received up to midnight tonight by The New York Times and The St. Louis Globe-Democrat, from the Amundsen-Ellsworth-Nobile polar expedition since shortly after it sailed over the pole.

Several United States naval radio stations in Alaska and the islands of the Bering sea report picking up disconnected messages Wednesday night and Thursday morning, which might have been sent by the dirigible. The last of these was reported from the station on St. Paul island at 4:50 o'clock this morning.

This message, a disconnected jumble of five words read: "Norge bound Nome, Alaska, please." The message then was smothered by interference from the Alaska canneries station. It was pointed out that these signals might not have come from the Norge but might have been part of an attempt to reach her.

Other reports of reception of signals supposed to be from the Norge came from the stations at Seward, on the southern coast of Alaska, 600 miles southeast of Nome, and from Hinchinbrook, not far from a single loop.

No Hint of Position.
None of the supposed messages from the Norge gave any hint as to the position of the ship, which headed south over an unexplored section of the Arctic after crossing the pole.

At her ordinary rate of fifty miles an hour, the Norge would have covered 950 miles since the reception of the doubtful signals at 4:50 o'clock this morning. But, although theoretically 950 miles nearer Nome than when the signals were received, the Norge had not been picked up by Alaskan stations since the doubtful message this morning.

The continued silence of the Norge could be interpreted in many ways. The expedition may have become inactive, or the wall of static may have enveloped her without a single loop hole. Amundsen did not plan a straight course across the unknown region. If evidence of land warranted exploring cruises.

Could Have Arrived Wednesday.
Had the Norge kept up its rate of speed and maintained a straight course for Nome after crossing the pole, it would have arrived there about 9:30 p. m. Wednesday night, (New York daylight saving time).

Radio stations in Alaska continued tonight to call the Norge, but the silence was unbroken.

If the report that the Norge was sighted off Point Barrow at 2 o'clock this morning (New York daylight time) were true, the Norge is long overdue at Nome. From Point Barrow to Nome, Amundsen probably would take the coast route of 750 miles, thus missing the Brook (Endicott) range of mountains, some 6,000 feet high. The Times will say tomorrow, because the explorer would realize that the airship at the end of her trying flight might be unable to make that elevation.

TIMES CORRESPONDENT AND RADIO MAN MISSING.
New York, May 13.—(AP)—The New York Times will say tomorrow that no word has been received since April 18 from William C. Lyon, correspondent for the newspaper, and Leo W. Bundy, U. S. army radio operator, who were sent to establish a radio station at Point Barrow, Alaska, to relay messages from Roald Amundsen's party on the airship Norge.

NORGE IS SIGHTED OFF POINT BARROW.
(Copyright, 1926, in United States, Great Britain, Canada and all other countries, by The Constitution and the N. A. N. A. All rights reserved. Reproduction prohibited.)

Fairbanks, Alaska, May 13.—The Norge, Captain Amundsen's trans-polar dirigible, was sighted ten miles off Point Barrow, Alaska, at 8:35 p. m. tonight (1:35 a. m. Thursday, eastern standard time). Radio Operator Waskey of the Detroit Arctic expedition, stationed at Point Barrow, reported at 10:10 p. m.

The dirigible was headed south on the last leg of her 2,000-mile flight from Spitzbergen to Alaska via the north pole, having covered her course in 44 hours and 35 minutes.

Waskey's message, though fragmentary, carried the news for which the world has been waiting since the Norge passed the pole, 1,200 miles north of Point Barrow. It was the story of David and Goliath again, Goliath being the Norge with her powerful 500-1500 meter radio set, David the operator of the Detroit Arctic expedition with his 50-meter set, which operated from dry cells and uses two ordinary receiving tubes as a transmitter. While forging southward the Norge called in vain to the government and canny stations scattered throughout Alaska. Her calls were reported heard but two-way communication was not effected. Earl Rossmann, correspondent of the North American Newspaper Alliance, and Waskey got on the air while the Norge was vainly calling. Waskey lowered his wave-length, and got through with the big news.

Capt. Geo. H. Wilkins, commander of the Detroit-Arctic expedition, was

until the whereabouts of the Norge are made known.

Bremerton, Wash., May 13.—Radio experts at the U. S. naval radio station here will make no estimates as to the probable position of the Norge. They said it was impossible to tell, from signals sent out by the dirigible, the course the airship is taking.

69 GUERNSEY CATTLE
SELL FOR \$73,325

Chicago, May 13.—(AP)—Valued at "around \$500" by her owner, August Johank, who migrated from Czechoslovakia to northern Wisconsin a quarter century ago, a pure strain cow reared in a log barn sold for \$2,100 at the annual national Guernsey sale here today. J. C. Penny, New York, dairyman, was the purchaser.

The 69 Guernsey cattle sold brought a total of \$73,325.

"May Rose Cherub," grand champion Guernsey dairy cow at the Indianapolis show last year and grand champion at seven western fairs, was purchased for \$5,000 from the Grangeville Guernsey farm, Grangeville, Idaho, by Mrs. Chauncey McCormick, Naperville, Ill.

"Maxima," May Queen of Dandel, world's record two-year-old Guernsey cow with a production of 250 pounds of butter fat in one year, was sold by H. F. Andrus, of Millerton, N. J., for \$5,000.

Body of C. J. Daniel Carried to Albany For Interment

The body of C. J. Daniel, 75, pioneer Georgian and prominent Atlanta business man, who died Wednesday afternoon at the residence, 84 West Fourteenth street, was taken to Albany Thursday afternoon for interment, following funeral services at

the home here. The Rev. W. L. Pichard officiated. Mr. Daniel was widely known in Atlanta and throughout Georgia. He accomplished much in upbuilding the social and community life of the various localities in which he resided during a most useful life. He was born in Milledgeville and lived with his father, the Rev. S. D. Daniel, in that city, Savannah and Albany. He moved to Atlanta in 1888, and lived here almost continuously until his death.

Experts Arrive To Attend Frank Adair's Benefit Horse Show Saturday at Niskey

Miss Ruth Peck, at left, and Miss Carolyn Williams, pretty Atlanta Girl Scouts, who will be among the gathering of society leaders Saturday for the horse show at Niskey Lake, sponsored by Mr. and Mrs. Frank Adair, as a benefit feature.

H. E. Goddard, of Harrodsburg, Ky., editor of the Farmers' Home Journal; Roy McCray, of North Middletown, Ky., and Tom Fessler, of Georgetown, Ky., three of the leading show horsemen of the blue grass state, were in Atlanta Thursday for the specific purpose of attending Mr. and Mrs. Frank Adair's benefit horse show for the Girl Scouts at Niskey lake Saturday at 2:30 o'clock. These men long have been identified with the breeding and showing of the highest class gaited animals. As soon as they learned that Mr. Adair was going to exhibit all of his fine horses they made a hurried trip here to find out just what fast and classy competition they could expect from Mr. Adair in the big Kentucky shows this year. Ever since Mr. Adair's vendetta won the world's championship, Kentucky has looked with considerable awe and fear toward Niskey lake stables.

Brother of Bob McCray. Roy McCray is a brother of Bob McCray, perhaps the most famous rider in the world, who was on Vendetta when she won the \$10,000 Louisville prize.

Trainer J. W. Brock, who has worked untiringly with all of Mr. Adair's horses this week, was of the opinion Thursday that when the horses are shown Saturday, fashionable Atlanta will see the Adair horses in fine style and high spirits. J. N. McElwain, Mr. Adair's best rider, is planning to show Black Maria, a youngster, in all five gaited. He is of the opinion that this mount will prove the sensation of the afternoon, although Margaretta Dare and

Seldomark, which Jimmy also will ride in their workouts this week, have shown all the beauty and dash which have characterized their performances in several years of exhibitions. Mrs. Ramspeck to ride. The cross country group which will open the show will be one of the prettiest and perhaps the most spectacular of the eight events inasmuch as there will be ten riders performing. Most of these riders will be young ladies well known for their excellent horsemanship. Mrs. Carl Ramspeck will be the only lady riding in the events other than this cross-country group. She is to appear on Clifford McDonald, a big walk-trot horse who has improved so rapidly of late that great things are being predicted for

him in the bigger shows this summer and fall. She also will ride Milady Minton, another walk-trot horse who, in several Kentucky campaigns, has won high honors. Holland Jenkins will ride and drive Gloria Swanson. This beautiful entry elicited much favorable comment at the recent Augusta show. The high light of the entire performance, of course, will be the appearance of Frank Adair in the saddle of the national champion, Vendetta. This finely formed mahogany bay has been declared one of the most beautiful and perfectly mannered champions ever to come from the bluegrass country. She will be shown in all five gaited and also will be driven.

Eight Convicts Leave Prison CASHIER FOLLOWS MEN TO "HONOR FARM" Hold Up Bank, Then Return

(By Leased Wire to The Constitution and The Chicago Tribune.)
Joliet, Ill., May 13.—Amazing light on the operations at Statesville, the "honor farm" built at the cost of many thousands of dollars, shows why criminals laugh openly when sent to prison and why crime flourishes in Chicago.

Evidence was brought out today showing that convicts in Joliet and the "honor farm" built large quantities of furniture from materials furnished by the overloaded taxpayers, and this furniture was sold at a nominal price to a favored contractor with a powerful political pull. He, in turn, resold it at high prices to dealers. Convicts Rob Bank. Additional light was thrown upon the remarkable privileges accorded desperate criminals. The investigators gave special attention to a story told by an ex-convict to the effect that eight armed convicts on the "honor farm" were supplied with a high-powered automobile, and presumably working tools, and granted time out while they robbed the First National bank of Lockport, Ill., which is not far from the "honor farm," of \$18,000.

This story is further verified by Cashier A. P. Bailey, of the robbed bank, who said that after the bandits left the bank, he and others, in a commandeered automobile, followed them. "They took a trip directly to the 'honor farm,'" said Bailey. "We traced their movements all the way to the gates of the 'honor farm,' where the trail was lost. It did not occur to us to look inside the 'honor farm' for active bank bandits."

Deputy Warden Peter Klein, who was slain by seven convicts, two of whom are still at large, was identified today as having been convicted of bootlegging in 1922, but, regardless, Governor Small permitted him to hold his job in the penitentiary. Klein, it was shown, was practically the czar of the prison. His orders were never questioned. It has been fairly well shown that he was the "inside man" for the "pardon mill."

Klein Was Supreme. Warden John L. Whitman today said that convicts could have committed the Lockport bank robbery, but it is apparent that he did not know much about the under-cover operations at Statesville, where Klein was in supreme charge. The warden says he checked up on all the convicts after the robbery and that all of them were accounted for. The testimony of the bank cashier that the bank robbers drove directly back to the "honor farm" would explain how everybody was there when the warden counted noses. There were strong intimations this evening that Warden Whitman is to be displaced.

There is a disposition to call Nathan F. Leopold, Jr., before the special grand jury, despite efforts to prevent him testifying. The prosecutor wants to know about some metal implements found in Leopold's possession. The story told by Leopold immediately following the murder of Deputy Warden Klein and the escape of the seven convicts, was concocted on the spur of the moment, according to the authorities. "He said he had gathered the pieces of metal in order to construct a charcoal burner for personal use in his cell," the prosecutor said today. "The story does not ring true, inasmuch as the charcoal fumes and the smoke would penetrate the remainder of the cell block, thereby attracting the attention of the guards."

WORK OF CHURCH TOLD BY SOCIETY SPEAKER

The church is the greatest source of inspiration for service to humanity and should develop a close relationship with school agencies in an effort to minister to human needs, according to Dr. N. R. H. Moore, rector of St. Luke's Episcopal church, in an address at this week's staff meeting of the Family Welfare society. The speaker offered his services for a definite period each week in developing volunteer work to get new families who move to Atlanta to affiliate with local churches.

COLLINS IS SPEAKER AT LABOR MEETING

The Rev. L. Wilkie Collins, pastor of St. Paul's Methodist church, was principal speaker at the meeting of the Atlanta Federation of Labor Wednesday night. Luther H. Still, candidate for the legislature from Fulton county, who was given the endorsement of the body, spoke briefly, thanking the delegates for their interest in his race. A motion picture depicting the evolution of organized labor will be shown at the Howard theater Sunday afternoon, it was announced.

FAMILY REFUSES AID; RALPH BELL MUST SERVE TERM

The family of Ralph Bell refused to assume responsibility for him, so he must serve the 15 months' term for violation of the Harrison narcotic law to which he was sentenced by Judge Samuel H. Sibley, of federal district court. Judge Sibley had agreed to suspend the sentence if Bell's family in Dayton, Ohio, would take charge of him. Bell confessed to violation of the narcotic law.

MACHINE' CHARGE DENIED BY ENNIS

Denying that he cast the vote which "placed upon the people of Georgia the burden of 180 oil inspectors," taking exception to charges that he is allied with the Brown-Holder political machine, and affirming that he is independent of all alignments and entanglements, Howard Ennis, of Milledgeville, president of the state senate, Thursday issued a card in support of his candidacy for the governorship.

Mr. Ennis' statement is directed in the main to charges preferred by B. F. Mann, member of the legislature from Glenn county, and a candidate for governor.

"For the information of Mr. Mann and the people generally," the Ennis card said, "I refer to the senate journal of 1925, pages 1060-91-92 and 93. On all amendments on house bill No.

782, known as the "gas distillation bill," which, as amended, undertook to displace all but six oil inspectors, and the main bill, the vote was taken. On the main bill, the vote was 20 for the bill and 28 against. In no case, except a tie vote, is the president called upon to vote, and there certainly was no tie in this case. So, can the gentleman be correct? Mr. Mann states, too, in this item that these 180 oil inspectors cost the state of Georgia \$800,000 per year. Where does Mr. Mann get such information? Records show that it amounts to less than \$200,000 annually. Mr. Mann's intelligence on the workings of the state of Georgia are really enlightening. He seems to be well up on state affairs."

Platform in Contest.
Mr. Ennis points out that in 1921, when he opposed W. Cecil Neill, a third candidate for the governorship, he "advocated correction of this supposed extravagant expense to the state," and charges that at that time forces were supporting Mr. Neill.

"I did until the vote on the appropriation bill undertaking to reduce the amount for the market bureau from \$100,000 to \$50,000," he continued. "This department is under Mr. Brown. I am sure if the farmers of Georgia derive any benefits from the department of agriculture it comes from this department, and the department's maintenance is fixed by laws—acts of 1921—a direct tax of 20 cents per ton on fertilizers, not exceeding \$100,000 of the same, to be used for this purpose. And I am informed that the 20 cents additional tax puts into the treasury of Georgia each year near \$300,000. The tax was imposed for the purpose of maintaining the bureau of markets, yet near \$200,000 goes into the general fund from the tax, above this maintenance fund, the farmers are paying \$300,000 for the privilege of getting service that has cost only \$100,000, and a few enemies of the agricultural department undertaking to

take half of this away. Yes, I up-tied that vote, and would take great pleasure in doing it again. I know what this department is worth to the state of Georgia what it is to the farmers, better probably than any man in Georgia. My business has brought me in contact with it for many years. I buy thousands of cattle and hogs annually, and I have been forced to withdraw my buyers from sales made by this department, because prices brought at these sales are equal to any I can get at the larger markets, and I can not compete profitably. Yet, with that department detrimental to my own interests, I voted for it."

Opposed Fund Increase.
Mr. Ennis further points out that he opposed increasing the maintenance fund for the department of agriculture—a branch of the department of agriculture—when, he charges, he found that the bureau was selling calcium arsenate to farmers at an exorbitant rate.

"Yes, I am not one of those continually nagging and trying to destroy the efficiency of a department, the head of which is elected by the people, the laws under which he operates enacted by the legislature," the card sets forth. "Mr. Brown did not make a single law under which his department operates. He went into office with these oil inspectors, under no agreement to displace them, and it is but natural that they should support him. No man would permit men working under him to do otherwise but support him, and this is no doubt what is termed his 'political machine.'"

Mr. Ennis alludes to the great savings accruing to the state as the result of establishment of the state revenue department, which he fathered. He points to his long record of public service.

ASSOCIATED PRESS PROVES ITS WORTH

London, May 13.—(AP)—Thrills and hard work amply marked the difficult task of The Associated Press London staff in covering Britain's general strike from its inception nine days ago until the announcement of its termination Wednesday. This announcement was transmitted to the United States six minutes ahead of all competitors.

Under the personal direction of Charles S. Smith, chief of the London bureau, a specially recruited staff of 25 persons handled the strike news for readers of the 1,200 newspapers comprising The Associated Press. Even office boys and chauffeurs were pressed into service.

An example of the manner in which strike news was rushed from various points of activity to The Associated Press bureau for transmission to the United States, and of the thrills accompanying the work, is found in the experience of a chauffeur who was hastening to the London office with an important news item. He was driving at 1 o'clock in the morning through one of the roughest districts of London when he saw a rope stretched low across the road in front of him. Realizing that hoodlums probably were hiding at the end of the rope to wreck his car when it stopped, he speeded up and charged the rope at 45 miles an hour. The rope gave way and the chauffeur, unharmed, was enabled to continue his trip.

The Associated Press received a tip from a friendly labor official an hour before the strike ended today that the meeting in Downing street would be the occasion for an agreement to terminate the walkout. Smith and Frank H. King were at Downing street when the announcement was made and King rushed to the telephone with the "flash" which was the first to reach the United States.

The London newspapers became mere dodgers in the early days of the strike. Thus it was necessary for members of The Associated Press staff to cover the entire field of activities themselves in order to report all angles of the situation. Their troubles were aggravated by the fact that transportation facilities were crippled and staff men were forced to walk miles to and from the various centers of interest.

Cars, bicycles and motorcycles were almost useless to the news-seekers in the early mornings and late afternoons because of traffic jams. Although Reuters and other British news agencies never ceased functioning and through its relation with these organizations, The Associated Press received constant ticker and bulletin service, it did not depend upon these news sources, there being scarcely any phase of the great upheaval that its own staff did not cover first-hand.

In addition to its staff of 25 in London, The Associated Press received news from a battery of provincial correspondents who covered every important center outside the capital.

APPALACHIAN ROAD OPENED TO TRAFFIC

News was received here Thursday scenic highway is now open for traffic to the effect that the Appalachian throughout its entire length. The route had been closed for a short while.

The Appalachian scenic highway is one of the most beautiful routes in the country. It leads from Quebec to New Orleans, passing through the Shenandoah valley and Mobile.

Along the way one sees mountain peaks, many of them more than 6,000 feet in height. The route leads through many acres of majestic forest. At Topton the government has completed the road over the Nantahala mountain in the National forest.

The trip from Bryson City, N. C., to Atlanta is an "ideal week-end journey." Bryson City is only 70 miles from Asheville.

The Freymont Inn is situated at Bryson City, and known as the "In Unique." This hotel is modern in every respect. Every room is equipped with bath.

Bryson City is the gateway to some of the most interesting and beautiful spots in the United States. Chief among them are the great Smoky mountains, the most massive mountain range in eastern America; the proposed National park, comprising about 850 square miles; the Cherokee Indian reservation, where 2,000 Indians live on the site of an ancient capital of their tribe; the Nantahala gorge, a canyon 2,000 feet deep and six miles long, and Tapece lake, with the highest spillway dam in the world.

FARMER MURDERED AND SLAYER TRIES TO BURN HIS BODY

Atkinson, N. H., May 13.—(AP)—The body of Louis Jacobson, a farmer, was found tonight badly burned in a field near his home. Preliminary examination indicated that Jacobson had been killed and that his slayer had sought to burn the body. Police of nearby cities were asked to search for Philip Owens, itinerant farm hand, wanted as a suspect.

SALARY BUYERS SCORED BY BELL

Atlanta loan sharks and salary buyers are "just so many human scavengers and financial buzzards."

This was the opinion of Milton Bell, cashier of the Federal Reserve Bank of Atlanta, who addressed the Junior Chamber of Commerce luncheon meeting Thursday and pledged himself to assist in "wiping the last one of them from the face of the earth, with a final consignation to regions of eternal fire."

"These money lenders are literally rolling in ill-gotten wealth," he said, "mercilessly taken from defenseless hands of the small-salaried man, who, facing some need or necessity of the immediate present, falls to realize the dreadful unfairness of the trap into which he walks."

Mr. Bell explained that there are a number of small loan agencies in Atlanta operating legally and lawfully. These, he said, are not included in his indictment.

Drive on "Blackmailers."
"It is the blackmailers—the man who is getting from 20 to 30 per cent interest a week on the dollar—that we are after," he declared.

Mr. Bell pointed out that through the efforts of J. L. R. Boyd, general counsel for the Atlanta Legal Aid society, and members of that organization, 10 indictments had been obtained against alleged Atlanta "sharks," along with 120 injunctions designed to halt attempts at blackmail.

"They are whimpering now—trying to beg off," he said. "They are afraid their wives and children and friends are going to find out where all their money comes from—how they paid for the big house and the limousine."

Threat to Efficiency.
"In Atlanta, on each pay day, agents of 160 loan companies stand at the

gate of practically every industry in the city," Mr. Boyd declared, "and with cards in hand, solicit loans on wage and salary. In evasion of the law they take blank assignments with alluring promises of indefinite renewals. They extend credit regardless of the borrower's ability to pay. And then operating in confederation, they 'gang up' and, through threats, time orders and garnishments—a form of blackmail, if the employer is unscrupulous—they take what amounts to the small balance left from the family budget. This is known over the United States as the 'Atlanta plan of loan sharking.' This notorious comes by virtue of the fact that a chain of salaried assignment banks operated throughout the United States are financed by four citizens of Atlanta, who are known as the 'Big Four,' and whose auditors check over a total business investment amounting to hundreds of thousands of dollars a year."

"There is but one solution—cooperation between employer and employee, between capital and labor, to secure remedial legislation. Salary and wage buying must be outlawed by the 1027 session of the Georgia general assembly. In the meantime, employers who have an interest in efficiency of their employees should study their legal rights."

"Employers who discharge employees arbitrarily under such conditions become silent partners to the loan shark, making it possible for him to practice his art of blackmail."

Plan School Festival.

Pupils of the Goldsmith school, Marietta road and Rice street, will stage a May festival Friday morning at 9:30 o'clock. Elaine Fisher will be queen of the festival and Frances Mann will be maid of honor.

CONFEDERATE VETERANS' REUNION, BIRMINGHAM, MAY 18-21

special train via SEABOARD, leave Atlanta 8:00 a. m., 18th, arrive Birmingham 1:00 p. m. Call WALnut 5018-5019.

DIXIE FLYER IS DELAYED NEAR BOLTON

The Dixie Flyer, north bound from Atlanta, was delayed for more than half an hour Thursday afternoon, near Bolton station, when an L. & N. freight train from Knoxville was derailed about 3 o'clock, according to officials of the railroad company.

No one was hurt, the engine and two freight cars were derailed. The exact cause of the derailment had not been determined by officials.

Mayson Outlines Power of Council In Drunk Charges

Impeachment charges can be sustained against members of city council if it can be proven that the offending member was under the influence of liquor to such an extent that he could not transact the city's business, according to a ruling Thursday of City Attorney James L. Mayson.

This ruling was made at the request of Councilman John A. White, of the fourth ward, who asked for an official opinion regarding powers of council in event the affidavit of Mrs. J. E. Andrews, president of the Atlanta Civic council, which charged drunkenness on the floor of council, is substantiated.

Full airing of Mrs. Andrews' charges against the alderman and insinuations that four other members of council were under the influence of liquor is expected to take place in council Monday, in view of the fact that Councilman White, member of the building and grounds committee of council, asked Mrs. Andrews to furnish him with names and an affidavit in support of her charges in order that he might begin a councilmanic probe. Neither the accused man nor Mr. White would make a statement Thursday, declaring they would let the matter take its course in council Monday.

The mere fact that a member was under the influence of liquor alone would not be grounds for impeachment, but if he were unable to transact his public duty on account of this, and if it were so found upon investigation, impeachment proceedings might be sustained, according to the ruling. The full text of the ruling follows:

John A. White, Councilman, City of Atlanta.

Dear Sir: Replying to your inquiry concerning the affidavits filed by Mrs. Andrews with the mayor and the duty of council when such affidavits are transmitted it is my opinion as follows:

1. It would be the duty of council to investigate the charges set out in these affidavits and make a report thereon, either sustaining them or exonerating the officer named.

2. If they found these charges true, they could report back impeachment proceedings, provided the conduct alleged was such as to interfere with the discharge of his public duty as an alderman or councilman. In other words, I do not think that the fact that the men were under the influence of liquor would alone be a ground for impeachment, but if they were under the influence of liquor at the time council was in session and when they undertook to discharge their duties as members of the body and were unable to do so because of this fact, I think impeachment charges could be sustained, provided council found the facts to be as stated.

3. If council found that the facts were not sufficient to authorize impeachment charges, it could reprimand those who were found guilty of the charges preferred.

4. If council found that the members were not intoxicated to the extent above named as to authorize either of the punishments set out, nor that they were under the influence to the extent stated, then council should exonerate the members named, in justice to them and in justice of the reputation of the general council and the city of Atlanta.

Very truly yours,
JAS. L. MAYSON,
City Attorney.

Boss Bill Vare Throwing Scare Into Republican Ranks in Pennsylvania

Every Effort Is Being Made To Persuade Pinchot To Get Out of Senate Contest.

BY ARTHUR SEARS HENNING.
(By Leased Wire to The Constitution and The Chicago Tribune.)

Philadelphia, Pa., May 13.—Boss Bill Vare, of Philadelphia, is running such a race for the republican nomination for United States senator on a beer and light wine platform that he has scared the drys and the leaders of the Mellon faction who are endeavoring to renominate Senator George Wharton Pepper.

They fear that if something desperate is not done, Vare will romp home in the primary next Thursday and Pennsylvania will wake up to find it has chosen a new boss and a wringing wet senator.

Ask Pinchot to Quit.
Every influence known to the Mellons and the Anti-Saloon league is being invoked to get Governor Gifford Pinchot out of the three-cornered contest and to throw his support to Pepper. The latest move in this direction, materialized when 101 ministers of the gospel petitioned Pinchot to withdraw on the ground that if he stays in the race Vare will be nominated while if he retires Pepper will win. The ministers begged Pinchot to consider which would be the greater honor for himself, to elect Vare or to elect Pepper.

The governor has turned a deaf ear to the appeal. He thinks he is going to be nominated by the votes of the W. C. T. U. and other militant drys, the coal miners, the farmers and the plain people generally, who he believes are duly grateful for his achievements in chasing the gang out of the state house and getting the state out of debt.

The refusal of the governor to quit the contest has angered the Mellons and Pepper crowd almost beyond ex-

pression. They are convinced that Pinchot, if unable to win himself, wants Vare to be nominated whereupon Pinchot would become an independent candidate in the election against Vare and William B. Wilson, former secretary of labor, who will be the democratic candidate and who is a dry. Pinchot would expect to win such a three-cornered contest through a wholesale bolt of the republican ticket by the dry republicans.

This man Vare who has stirred up all this ruction with his candidacy on a platform demanding modification of the prohibition law, is probably the most talked of person today not only in Pennsylvania but throughout the east and wherever else the hope of putting a crimp in Volsteadism is seriously entertained. Who is he? Everybody is asking.

Well, Bill Vare is a modest, unassuming, soft-spoken man, as your political boss generally is, who has been in congress 14 years without attracting much, if any attention in Washington. Seldom is his voice heard on the floor of the house save to answer to his name when the roll is called. But he votes the sentiment of his district of working men in South Philadelphia where his brownstone house rises amid humbler dwellings not a mile from the site of the little farmhouse in which he was born 68 years ago. And his constituents know that when they want anything in Washington, Vare can be relied upon to bring home the bacon.

Vare's father was born in the island of Jersey, his mother in New Jersey, of colonial ancestry. When Bill was 10 years old his father died and he went to work as a cash boy in John Wanamaker's store to help support the family. His education ended with the grammar school.

"I never could get the hang of algebra," the boss tells his campaign audiences in explanation of the wide disparity between his education and that of his scholarly rivals, Pepper and Pinchot.

The two elder brothers of Vare were

local bosses before him and got rich as contractors from the city contracts their influence obtained for them. They took the younger brother into the firm and he, too, got rich on city contracts and when they died he ruled in their stead.

The power of the Vares has never extended beyond Philadelphia, but now Bill aspires to such political domination of the state as the late Boies Penrose, Matt Quay, and their predecessors exercised.

The Vare machine in this city is said to be the most perfect of its kind. They tell this story of its operations: A district leader is called on the carpet at Vare headquarters and asked why there are five votes off the reservation in his territory. The leader explains that the man who controls those five votes is out of a job. The boss gets busy and the man has a job before nightfall. In this primary every one of the 48 ward leaders has declared for Vare. It is said that some leaders disposed to be against him were compelled to fall in line by the popularity of the Vare beer platform.

Vare is a Methodist, and recently paid off a \$10,000 mortgage on a church named for his mother.

GUERRILLA WARFARE MAY PROLONG STRIKE

Continued from First Page.

cluded, "that tonight or tomorrow morning the employers' associations and union negotiators will meet to resume the most delicate and difficult work they've ever been called on to accomplish. Let's say nothing in this house to hamper their efforts."

Ramsay MacDonald heatedly criticized the action of employers Thursday.

"If there is any attempt to smash the trade unions," declared the former labor premier—"if there is any section of this country one so foolish as to think that, after the events of yesterday and last week, he could scratch the face of the trades union, he is very much mistaken."

"When peace came Wednesday," MacDonald pointed out, "everyone thought the strike was over and that both sides would shake hands."

He repeated reports which had come to him that printers and railwaymen offering to work had been refused their former jobs. "If an informed," he added, "that more men will quit work today than were out Wednesday."

The trades union council noted the action of the employers and issued a sharp statement warning that trouble might start again unless reinstatement of men was satisfactorily carried out. The statement said:

Statement by Union.

"If Premier Baldwin uses all his influence with those employers who are violating terms of the peace, then peace may be saved. If he does not, then let there be no mistake, the general council of the trade unions is neither bent on no strike, its strength is unimpaired. If one class of employers think they can degrade the trade unions, then the situation is, indeed, grave."

The T. U. C. statement was followed by an equally pointed telegram warning all affiliated unions to "sign no individual agreements" and to remember that "your union will protect you."

The government's official statement tried to minimize the extent of continuance of the strike situation. It said:

"Difficulties have arisen in some cases regarding reinstatement of strikers. This was anticipated for it was realized that some displacements were inevitable in view of business reduction due to the strike, as well as obligations that may have been entered into by employers toward volunteers."

The statement quoted the assurance of the prime minister as given in the house of commons that he would not countenance efforts of employers to take advantage of workers.

BALDWIN IN ROLE OF STRIKE MEDIATOR.

London, May 13.—Premier Stanley Baldwin has changed from warrior against the strikers to a mediator. Dropping his determined role of a few days ago, the premier Thursday night telephoned miners' representatives in London and invited them to call at No. 10 Downing street and see

Funeral for Charles Leach, Who Murdered Mrs. Noles, Takes Place This Afternoon

Above: Scene on Briarcliff road where Charles H. Leach (seen below at far left) cut the throat of Mrs. Flora Noles as the culmination of an alleged love affair. Mrs. Noles is shown below at left. After the fatal cutting, done with a razor, Leach committed suicide by drinking poison in the presence of his children and his mother.

Funeral services for Charles Homer Leach, 42, of 126 Confederate avenue, who early Wednesday night cut to death Mrs. Flora Noles on Briarcliff road in one of Atlanta's most fashionable residential sections and then drove across town to his home and drank poison that ended his life, will be held this afternoon at 2 o'clock from the home. The Rev. J. D. Mize will officiate. Interment will be in Sylvester cemetery.

Although funeral arrangements for Mrs. Noles had not been completed Thursday night by Awtry & Lowndes, it is probable that the services will be held Saturday and the body will be taken to Lawrenceville, her former home, for burial.

The body of Mrs. Noles was turned over to Awtry & Lowndes by the dead woman's sister, Mrs. P. C. Brockman, of 32 Rankin street.

The two deaths came within a few minutes of each other early Wednesday night. Mrs. Noles, in company with Mr. Leach, were riding in a borrowed automobile when, according to witnesses, the couple stepped from the motor car at Briarcliff road and Emory drive. An argument was followed by Leach cutting Mrs. Noles' throat with a razor. She died without saying a word.

Shortly after reports of the fatal cutting in Druid Hills, Leach killed himself by taking carbolic acid at his home, 126 Confederate avenue. At the supper table, where he took the dose, he told members of his family that he had cut the throat of Mrs. Noles with his father's razor. Members of his family vainly pleaded with him not to take the poison.

Mrs. Noles is survived by her husband, K. F. Noles, of Atlanta; one sister, Mrs. P. C. Brockman, of Atlanta, and two brothers, H. Jeffries, of Heflin, Ala., and Joe Jeffries, of Atlanta.

Mr. Leach is survived by his mother, Mrs. J. A. Leach; one daughter, Frances Leach, and three sons, Walter, Harold and Charles H. Leach, Jr., and four sisters, Mrs. J. D. Mize, Mrs. M. M. Anglin, Mrs. Harriett Estes and Mrs. R. C. Turner, all of Atlanta.

Papers Can Keep U. S. Out of War, Asserts E. P. Bell

Briar Cliff Manor, N. Y., May 13.—(P)—Only American newspapers can keep America out of war, Edward

Bell, of The Chicago Daily News, told the 200 delegates to the national conference of international problems and relations today.

Mr. Bell asserted that the American newspapers are the true champions of American liberty and have inheritedly vested in them the power to defeat wrong within the nation and the capacity to prevent wars.

"Newspapers," he said, "are the mirror in which Americans see themselves every morning when they get up and every evening before they go to bed. If the image reflected is not always pleasing, it is none the less exact."

Editorially and otherwise, he said, the newspapers might as well change the habits of mind and body of the people seen in them.

Territorial expansion was defended by Edwin E. Stinson, director of science service of Washington. "What some call imperialism, I call gunption," he said. "Some say acquisition of colonies never pays. What of Alaska? What of Louisiana? Ask the real estate owners of Florida if the real estate owners of Florida if the United States paid for it. I notice that the most pernicious anti-imperialists do not refuse to eat Hawaiian pineapple nor to look at movies from Hollywood."

THE SAVING BLOOD—"In the tenth day of the month, they shall take every man a lamb, and they shall take of the blood, and put it on the two side-posts and on the lintel. . . . And the blood shall be to you for a token, and when I see the blood I will pass over you." Ex. 12: 3-13.

FRATER — O Lord, "There is power, power, wonder-working power in the precious blood of the Lamb."

COPPING THE CRIMINALS.

A street parade by 10,000 protesting people is not necessary to set out the fact that Atlanta needs a rapid and rigorous clean-up of the crime and criminals that infest it.

There are police enough, courts enough and chain gangs enough for the job if they will cooperate and put their feet upon the accelerators of their machines.

The claim that 20,000 policemen could scarcely stop the liquor and vice orgies in this city may be true, but it sounds ridiculous without the support of certain facts to make it believable. Chairman Hartsfield, of the police committee, says that in spite of repeated raids upon the dives and their parasites the keepers of them quickly resume operations on a bolder scale.

Why not? The officer commanding the vice squad shows that from January 1 to May 1 the liquor and vice details made 1,725 arrests. What happened to the captured criminals? They paid \$17,223 in fines, or less than \$10 for each arrest. Could criminals bootlegging, running blind rigors and conducting red-light orgies have the cheek to ask for lower license fees?

It seems as plain as the nose on an elephant's face that until these criminals know they will certainly draw chain gang terms and that no suspended sentences will be granted, they will continue their lawless work and laugh police and courts to scorn.

ROPING THE RADIO.

The control of radio broadcasting is the subject of a sharp contention between the two houses of congress. The house has passed the White bill, the administration measure that vests plenary control of radio service in the hands of the secretary of commerce. The senate has a favorable report from its committee on interstate commerce on the Dill bill that would establish control in a commission of five members appointed by the president.

It is claimed that the White bill would make a one-man radio dictator with full powers of censorship, while the Dill bill would furnish more popular regulation of radio broadcasting and declare that no station may "censor the material broadcast."

There is going to be a merry row over the matter before any legislation gets on the books. Senator Watson, of Indiana, during his recent primary campaign, rented time at a radio station at \$10 per minute, but was required to pre-submit the manuscript of what he intended to say to his constituents. No wonder that he rose up in the senate and shouted, "I will not stand for having Herbert Hoover run my show!" If the radio could have condensed the vibrations that have caused the result would have been, we imagine, a stentorian "Amen!"

The radio is among the most wonderful and useful inventions following human discovery. It engages those powers in the ether surrounding us that have been mysteries to man since the creation of Adam. We yet speculate, and science still reaches out into the atmosphere, to further open the full volume of secrets that the Creator saturated through it.

So marvelous a medium and mechanism of information, educa-

tion and culture should not be confined to the control of one individual whose idiosyncrasies cannot be provisioned and the users of the radio should not be subjected to other censorship than that of the common law. Traffic regulations may be as useful in the air as on the earthways and the people will generally approve and obey them. But when it comes to setting up a censorship over the things that many more than a hundred million free people may say and hear, there will be general protest.

CUTTING CITY CREDITS.

In reallocating taxing privileges by the legislature of Virginia it has shut off a valuable market for the municipal bonds issued in that state. The banks belonging to the Savings Bank Association of New York are large reservoirs of fluid capital that seeks investment in the approved bonds issued by solvent cities throughout the country. The ratio fixed by the New York state law of percentage of indebtedness to assessed valuation of property to make such bonds legal investments is 7 per cent.

By the new Virginia statute the cities can no longer include intangible properties in their assessments, such property being reserved for assessment and taxation by the state. The result will be to remove many Virginia municipal bonds from the investment list for savings banks of New York, because their debt ratio will exceed the 7 per cent limitation.

This state of affairs may be found interesting and arresting elsewhere than in Virginia. The tendency is developing in other states to allocate certain classes of property for state taxation only. That means to increase the borrowing power of the state and reduce that of its municipalities, and by so much limit their powers of progress in many lines of civic expansion and improvement. It is a subject to be carefully studied and treated.

UNCLE SAM'S SORE TOE.

The associate editor of The Brooklyn Eagle, in a recent radio address, said "I wish we could discuss this question without facismism by keeping to a sober statement of facts concerning prohibition."

But how can we have a "sober" discussion of a cure for Uncle Sam's sore toe, the Volstead act, with judges arrested in drinking joints, a Florida legislator indicted for rum-running, a doorkeeper of the house of congress caught with a still in operation in his home, a dry sleuth sent to jail for Volstead violations, and multiplied like cases lading the newspaper columns every day? Congress has heard the wets and dries tell their tales of woe and hopes of "better times ahead," but it manifestly sees no way to cure the deplorable conditions that prevail. No legislation is within sight that promises a panacea for them. The wets want prohibition laws modified; the dries want them augmented and violently enforced; "nyther will get eyther," as Mr. Dooley might predict with certainty.

The people seem fated to sweat, and swear, and suck in poison hootch; or listen to exaggerated tales from Wheeler & Co. of how "prohibition has reduced drunkenness, crime and poverty." Some day, somehow, let us hope we Americans will get sober and make a prohibition law that the great majority can respect and will loyally obey.

BOSsing A BANQUET.

Having "felt compelled" to attend a banquet, and having been bored stiff by its prolix program, an editor of The Brooklyn Eagle does all of us fellow-citizens a needed service by demanding toastmasters equipped with stiff backbones and stop-watches. "Hear! Hear!" as the British cheer.

Since at public dinners de luxe the cocktail and the champagne cork, gone to company with the apple of Eden, no longer aid digestion and superinduce inertia, the men who frame the menu and rule the program should have a heart. Let the feast be served with reasonable rapidity and the flow of food be regulated by rigid traffic signals. The Brooklyn brother suggests a clock that will click at the 15th minute of the 20 allocated to the speaker and at the 20th will buzz, to beat the band, which means the orator who threatens to poach.

Banquets to honor persons fit to be honored, to celebrate great events past or present, or to inaugurate public movements, are worth while, but they should not be occasions of ennui or torture to those who are to make them spectacular or influential. In the hands of a wise toastmaster who has a saving sense of humor the banquet can be made an instrument of great pleasure and power. But most toastmasters we know need sadly a correspondence course in the art of "ruing the roast."

In Indiana the democratic candidate for the junior senatorship is Woolen—and we hope wide enough to successfully cover the state in November.

The president is a puzzle. The wets call him mum and the prohis say he is extra dry.

May Morning.

Fair is the world, dear, in this May morn weather,
Let us, our hands, our hearts, close linked together,
Go forth; the night her curtain has withdrawn,
Her last star's light is melting in the dawn.
Oh, listen to the birds! they all are singing,
The tender voice of love songs without words,
Behold the river, seaward softly flowing,
Upon its mirroring, placid bosom lies
The risen splendid Sun-god, radiant,
Robed in the gold and purple of the skies.
Look at the mountains, far in hazy distance,
Their heads above the mist with dawn-light crowned;
This daisy here, on which a dewdrop
While millions more with pearls be-strew the ground.

Behold the river, seaward softly flowing,
Upon its mirroring, placid bosom lies

MAN IS DAZED; TAKEN TO GRADY

Walter Ward, 22, of Montgomery, Ala., was taken late Thursday night to Grady hospital suffering from concussion of the brain and possible internal injuries as a result of being knocked down by an automobile in Oakland city.

Mr. Ward was taken to the hospital in the automobile of T. F. Kennedy, of 804 Beecher street, who volunteered his car for ambulance service upon learning that Ward had been seriously injured.

Doctors stated that Ward was in a dangerous condition. He was dazed when he arrived and only meager details of his injuries and his whereabouts were obtained.

According to information given to police, Kennedy was standing in a filling station at Lee street and Arlington avenue, when an unidentified man ran into the station and asked to use the telephone to summon an ambulance. Kennedy offered his car to the unidentified man and they took the injured man to the hospital and then reported the accident to police.

After partially recovering from his dazed condition, Mr. Ward stated that he was born in Jackson, Ga., but had lived in Montgomery for some time and had worked in a cotton mill in that city.

"I was on my way to Atlanta, tramping the public highways, accepting rides from passing motorists who offered to give me a lift," Ward stated at the hospital. He did not know details of the accident, but said he had been injured by an automobile.

He has one brother, who he said, has been working on Ford motor plant construction work at Charlotte, N. C.

Nerve Energy
Based on Glands
Says Physician

At a recent medical convention in Chicago, an eminent doctor stated that because of the intimate connection of the nervous system with the glands, many sufferers from nervous disorders were receiving remarkable benefits from glandular treatment. He further stated that this glandular treatment could be taken by mouth like any other medicine, and that an operation is not necessary.

Glandogen, the new scientific gland tonic, which is prepared in convenient tablet form, for men and for women, provides a simple method of taking glandular treatment. Accept no substitutes. Insist on genuine Glandogen, the original gland tonic. At all Jacobs' drug stores.—(adv.)

THREE WORKMEN INJURED IN FALL

W. M. Albright, carpenter foreman, and Jim Morgan and John Hartness, negro laborers, were injured Thursday afternoon when they fell three stories as a heavy scaffold broke loose from its supports on the Sears-Roebuck building, under construction on Ponce de Leon avenue.

Of the three, Albright was said to be the most seriously injured. At first it was thought his back was broken, but examination revealed that it had only suffered a terrific wrench. He was cut and bruised about the head and body by falling bricks and lumber. The two negroes were cut and bruised.

The negroes were taken to a clinic at 25 Taylor street, and Albright to St. Joseph's infirmary. Eyewitnesses to the fall declared that one of the scaffold's "anchor arms" gave way, causing the section of the scaffold on which the men were standing to plunge to the earth. The "anchor arm" is a beam of steel which is anchored to the floor of the building, supporting the scaffold sections which hang over the side of the building.

Without warning, the witnesses—men at work on the building—said, the scaffold crashed, taking its human cargo with it amid a mass of flying brick and lumber.

The ambulance of Blanchard Brothers rushed Albright to the emergency clinic on Poplar street. Later he was transferred to St. Joseph's.

SENATE PASSES M'FADDEN BILL

Washington, May 13.—(P)—Facing further change in conference, the MacFadden branch banking bill was passed today by the senate with its provisions differing widely from the form in which they were approved by the house.

As it went through the house the measure carried the full amendments, which were assailed in the senate banking committee and on the floor. It was contended they divided the country into half branch and half unit branches by closing the door to further branch banking by members of the federal reserve system.

The amendments were stricken out and provisions inserted permitting both national and state bank members of the reserve system to create branches within the corporate limits of their home cities in states authorizing branch banking.

This change is expected to afford the battle issue in conference. Already maneuvering has begun to reach a compromise with prospects that major portions of the bill may again be rewritten.

The bill passed the senate without a record vote after two days' discussion. No amendment offered serious threat, although more than a dozen were proposed. The opposition collapsed when the last one was defeated, 60 to 15.

Strengthen System.

Sponsors of the bill claim that it would place the federal reserve system on a parity with outside banks and would strengthen the system by offering inducements to banks to assume membership.

The bill does not affect existing branches and banks having branches would be eligible to come into the system without closing them. In addition, the measure would provide permanent charters for federal reserve banks and would extend the time for which national banks may make real estate loans from one to five years. It also would permit interlocking of certificates of reserve and private banking institutions.

Avondale Sales Total \$108,000 In Week's Time

With \$108,000 sales in the past week, including three homes in as many days, reported in Avondale estate, Atlanta's fast-growing suburban city, necessity of speeding up this year's \$1,000,000 development program to meet the demand for homes was announced Thursday by John H. Byrley, general manager.

Sales of last week were at a rate of \$5,000,000 a year or several times the quota of \$1,000,000 a year, which has been established for this property.

Buyers of the three homes sold during the week were:

W. C. Harris, manager of the Atlanta branch of the Firestone Tire company, who purchased the pretty home at 4 Dartmouth avenue.

H. W. McCarthen, also of the Firestone company, who bought the Spanish type bungalow at 32 Dartmouth avenue, which was so much admired as a unit of The Constitution's home beautiful exhibit.

Miss Pearl McClung selected the home at 9 Berkeley road, which will be completed and ready for occupancy within the next 30 days.

The homes were sold at an average cost of \$12,500 each.

"Increasing demand for residences at Avondale," said Mr. Byrley, has shown the necessity of speeding up the schedule of the Flieger company, one of the greatest home-building organizations in the country, which has undertaken to erect a minimum of 100 homes this year.

Three Passengers Hurt; Scores Near Death As Flier Is Derailed in Atlanta Yards

Wrecked Pullman cars of the "Flamingo," crack train of the Louisville and Nashville railroad, are shown in the above photo following a derailment which resulted in the injury of three persons and narrow escape from death of scores of other passengers. Railroad officials believe a broken rail caused the accident.

A. W. Hilliker, of Decatur, and Mr. and Mrs. Ered S. Fuller, of Marietta, were slightly injured and scores of other passengers escaped death Thursday morning when five coaches of "The Flamingo," Louisville and Nashville railroad flier, were derailed at Bellwood on the outskirts of Atlanta. One Pullman nearly turned over an embankment.

According to report from officials of the Atlanta joint terminals, improper switching caused the accident. The train was traveling on the N. C. & St. L. railroad tracks.

The derailed cars were left to await the arrival of a wrecking crane, while the train pulled into Atlanta.

GORE'S LAWYERS TO CONTINUE FIGHT

Despite the fact that the supreme court Thursday denied a new trial plea for Mel M. Gore, sentenced to die in the chair for the murder of William H. Cheek, Peachtree road grocer, efforts to save the former Buckhead barber from death will be continued.

On receipt of news of the court's action, Gore said he had expected a different decision, but added that further plans to save his life would be worked out by his lawyers. He expressed a willingness to die if it is found that the death sentence is to be carried out. His hope now will lie in the state prison commission and the Cheek slaying case, in now serving life sentence on the state farm.

In the decision, it was held that all conspirators are guilty of murder if they plot to rob a merchant and kill him. Theodore Berry, one of the conspirators who was convicted in the Cheek slaying case, is now serving life sentence on the state farm.

Gore is one of three robbers who entered the Cheek store last fall to rob the establishment. Berry was convicted of conspiracy because he sat outside of the store in an automobile with the engine running and aided Gore and his companion, Jack Wilson, to escape after Cheek was shot to death. Gore contended that Wilson, who is still at liberty, did the actual shooting.

The supreme court denied that the trial court had made technical errors in the case which entitled the defendant to a new trial.

Roby Ray Jones, girl friend of Wilson and Gore, is serving a four-year sentence as an accessory in the case.

Henry Ford Buys 5,000 More Acres In Bryan County

Savannah, Ga., May 13.—(P)—Henry Ford this morning added Cottenham plantation, in the eastern extremity of Bryan county neck, to his Bryan county holdings at a cost well in excess of \$100,000.

The 5,000 acres comprising Cottenham plantation were purchased by Mr. Ford from the estate of Jennie J. Mandeville, the property having been in the hands of the Mandeville family for over 25 years. The sale was handled by Robert L. Cooper, Mr. Ford's real estate representative in Savannah, while Hon. John E. Coyle, of New York, executor of the Mandeville estate, represented the heirs.

Purchase of Cottenham gives Mr. Ford 20,000 acres of land in Bryan county, he having already bought 15,000 acres in Strathly Hall, Richmond plantation, and several other small plantations. Mr. Ford purchased Cottenham plantation because of the beautiful growth of virgin timber, unique in this section, it was said.

The timber on Cottenham has never been tapped for lumbering or turpentine operations, and stands today as it stood before the civil war, thick and highly developed. The entire property is under fence, and has been well cared for, forest fires and other destructive mediums having been successfully kept from the timber.

The ante-bellum mansion erected long before the war between the states is still standing. The mansion house is the best preserved for the ante-bellum plantation residences in Bryan county.

GAINES IS SENTENCED TO CHAIN GANG TERM

Frank Gaines, of 844 Oglethorpe avenue, was found guilty Thursday by a jury in Judge Edgar E. Pomeroy's division of Fulton superior court on charges of assault with intent to murder in connection with the shooting of C. Hambrick, of 840 Oglethorpe avenue, April 17. He was sentenced to serve from two to five years in the penitentiary.

Gaines was indicted by a Fulton county grand jury on two counts, charging assault with intent to murder and a misdemeanor count charging carrying of concealed weapons. The misdemeanor charge is still pending.

The shooting affray occurred at the corner of Lee and White streets about two days after Gaines is alleged to have been arrested on a charge of violating the prohibition law. The altercation between Gaines and Hambrick is said to have grown out of the arrest of Gaines, Gaines holding that Hambrick had reported him to authorities.

BURGARS LOOT STORE OF CIGARS AND CANDY

A. L. Curtis' drug store at 119 Peters street was entered by burglars early Thursday morning and more than \$100 worth of cigars, cigarettes, tobacco and candies were missing, according to police reports. Entrance was gained by twisting a large padlock off the front door.

Patrolman W. H. Gantt stated that the door was in good order when he examined it at 4 a. m. Thursday and the burglary was discovered by the drug clerk at 6:30 o'clock when he went to work.

Lieutenant T. O. Sturdivant and Detective John C. Davis were assigned to investigate.

DEATH SENTENCE GIVEN DENHAM

Macon, Ga., May 13.—(P)—Lucius Denham, ex-soldier of Gettysburg, Ga., was sentenced to die in the electric chair at the state farm on July 6, by Judge H. A. Matthews, in superior court here today after a jury had returned a verdict of guilty against him for the murder of Vaughn March, a showman. The verdict carried no recommendation for mercy.

Denham slashed March's throat with a razor after the two men had an argument at a carnival showing here several months ago. Denham worked for the carnival company at the time. He claimed that he cut March in self-defense.

Attorneys for the defense gave notice of asking for a new trial immediately after sentence was passed.

S. I. C. Tennis Meet To Open Here Today With Classy Field

Tech Racquet Wielders Favorites to Take Conference Honors—Five Teams Entered in State Tourney Saturday.

BY CARTER BARRON.

With half a dozen of the best teams in Dixie entered, the S. I. C. tennis tournament will get under way on the East Lake courts at 9:30 o'clock this morning. Singles matches will fill out the morning, while the doubles will be played this afternoon, with finals of both coming Saturday morning.

All the tennis, however, will not be played at East Lake, as the state tournament at Emory Saturday will draw teams from Georgia, Mercer, Tech, Emory and Oglethorpe.

Tech has a clear record for the season, will rule favorite in the S. I. C. meet, although particularly strong opposition is expected from Florida, Auburn and North Carolina. Sewanee and Vanderbilt also will enter teams, but the Jackets have defeated both of them handily, and they do not appear particularly dangerous.

The tourney is expected to bring out some fine tennis. The courts are in the best of condition, and with a classy field, some beautiful play is looked for.

Tech will rest its hopes on Captain Berry Grant, Duncan "Scotty" Morton, Ernest "Peewee" Merry and W. D. Strickler.

T. S. Burton, former Tech and Sewanee star, will referee. According to plans, Tech will enter the second team in the Emory affair unless the varsity is put out in the early rounds of the S. I. C. play. If the Jackets regulars are eliminated early, they will trek to Emory Saturday in an attempt to take the state honors.

Bucky Harris To Wed in Fall

(By Leased Wire to The Constitution and The Chicago Tribune.)

Washington, May 13.—Stanley H. ("Bucky") Harris, manager of the Washington Baseball club, is to be married in the fall after the world series, to Miss Elizabeth Sutherland, daughter of Mr. and Mrs. Howard Sutherland, of West Virginia and Washington. It was learned today.

Rumors have been current in Washington for months that the Washington manager was engaged to the youngest daughter of the alien property custodian and former senator from West Virginia, but no confirmation could be obtained.

It was learned today that announcement has been withheld because of the youth of Miss Elizabeth, youngest of five sisters.

CONTOS PICKS JIMMY LONDOS TO COP TITLE

While it is only one man's opinion and there are plenty who will beg to disagree with him, John Contos, promoter of the titanic struggle here next Wednesday night, believes the wrestling heavyweight championship of the world will change hands.

"Not that it is any of my business," said John Thursday. "I'm only the promoter, but since you asked for my opinion, I must say that I lean a trifle toward Londos."

"I've seen him work time and again and I've seen Steeler in action enough. In my estimation, Jimmy is quicker, and from the waist up is stronger, though, of course, there is nobody with the leg power that Joe possesses."

"If Londos gets no bad breaks and can evade a perfect grip with the scissor for the first half hour of the match, I look for him to win."

An opinion from a man so rich in mad wisdom as John Contos, who has promoted wrestling shows for some years, is worth something.

It may also be encouraging to the Londos supporters to know that Dan Michalove, president of the Atlanta baseball club, who formerly was associated with the wrestling sport, recently declared that Londos is the greatest grappler of his era.

"No man lives with more power in his shoulders than the Greek," said Daniel.

Statements like these from men such as Contos and Michalove may cause some uneasiness in the Steeler camp. The latter, however, reports that he is expecting nothing soft and will have no lack of condition alibi if he is "right and follow it up with another and final session Tuesday."

Stecher's brother-manager, Tony, wired the promoter Thursday that Joe had decided to remain in his own camp until Sunday because of the fine training he can get there from several rugged men of the city. He expects to dismember here sometime Monday and go through a workout that day or night and follow it up with another and final session Tuesday.

Londos was delayed and did not report to Contos Thursday, but was expected Friday morning. Upon his arrival he will be whisked away to Hendersonville, N. C., near Asheville, where he will have several workouts with Jack Dempsey, the boxing champion, who is in training there.

Londos and Dempsey are old friends, have done their conditioning together before, and Dempsey recently wired Contos that he would be his better bet than to have the Greek marvel visit him prior to his match with Stecher.

Preliminary contestants—Dick Anderson, Nick Velez, the Unmasked Marvel, and E. R. Oates—will all be here within a day or two.

While the ticket booth at 57 North Peachtree street was doing a thriving business, it was reported at Piedmont Hatters and Chess Place, where the tickets can also be obtained, that they were doing a better business than ever in the history of the mat game here.

The activities of the principal candidates have been shrouded in mystery, as a result of the general strike and the curtailment of newspapers. For more than a week not a word from the training stables reached London and the general public, although the strike has been called off, still is unaware of the state of the betting or who is left in the race.

For more than a week not a word from the training stables reached London and the general public, although the strike has been called off, still is unaware of the state of the betting or who is left in the race.

But the racing public has still a long way to go to catch up on the news.

Trainers, of course, could not afford to interrupt their preparations during the strike, and they will have suffered very little financial loss, being protected by contract with their employees. But the thousands of men—hostlers, jockeys, apprentices and others—making their living by the turf were heavily hit by the abandonment of racing during the strike. Outside a favored few the turfites were worse off than the strikers, because they had no society to look after their interest.

But the thousands of men—hostlers, jockeys, apprentices and others—making their living by the turf were heavily hit by the abandonment of racing during the strike. Outside a favored few the turfites were worse off than the strikers, because they had no society to look after their interest.

Trainers, of course, could not afford to interrupt their preparations during the strike, and they will have suffered very little financial loss, being protected by contract with their employees. RACES HERE SATURDAY

ARCH POWELL

Arch Powell, dirt track champion of Michigan, arrived yesterday with his Yale special to battle against the galaxy of speed stars slated to go to the tape Saturday at Lakewood park track, when an auto race card will feature a match race between Mlle. Joan LaCosta, world's champion girl driver, and the veteran Louis Disbrow.

Ruth Hits Tenth Homer of Season

New York, May 13.—(AP)—Babe Ruth, manager of the New York Yankees, scored his tenth home run of the year off Pitcher Shute in the first inning of today's game with Cleveland, scoring behind Koenig.

Ruth, clutching another home run in the eighth inning, giving him 10 for the season. None was on base. Combs poked out a circuit drive earlier in the same session for a total of four for the year.

In the fourth inning, Joe Dugan, Yankees' third baseman, hurt his hand in knocking down L. Sewell's lead-off hit, but he was able to continue. Dugan was unable to continue. Mike Gazzella was sent to third.

BILL COMPLETE FOR BIG FIGHT SHOW HERE

Promoter Watson, of the Gate City Athletic club, has completed his full card, consisting of 35 rounds of boxing to be staged at the auditorium May 24.

Ray Neuman, the leading eastern candidate for light-heavyweight champion Paul Berlenbach's title, will meet Young Stribling in the feature attraction.

Stribling, a former champion, is matched to meet Paul Berlenbach for the world's light-heavyweight title June 10. He will not compete in any other engagements following the Neuman battle until he enters the ring at Tex Rickard's Yankee stadium to dispute Berlenbach's claim that he is a full-fledged champion.

Neuman and Stribling is a match that has brought upon a worried state of mind with Tex Rickard. Tex made numerous efforts to have "Pa" Stribling cancel the match but Watson would not allow a postponement or cancellation of the affair. Tex will not rest easy until he receives the result of the match here on the 24th and if Neuman should defeat the Georgian he will be substituted for Stribling.

The Stribling faction is sorry it signed the contract with Watson. It was signed previous to Stribling accepting the Berlenbach match. Rickard offered to reimburse Watson for all expenses and make him a present of \$2,000 in cash providing he destroyed the contract he holds on Stribling, but the matchmaker refused to consider any agreement made by Rickard.

The special bout that brings together Neuman and Stribling is regarded as one of Mickey Walker's outstanding challenges, against Larry Averis, also an expensive match. Averis is also expected to square off with Cooper, a light-heavyweight, which is a main attraction in many of the eastern boxing towns. Cooper is a high-salaried performer and Watson is also expected to square off with Cooper \$1,000 to risk his honors against the Atlanta boy.

Another bout is provided that brings together two of the most promising light-heavyweights in the world. Watson is introducing these two newcomers to the Atlanta fans.

The battle introduces Benny Touchstone, light-heavyweight champion of Florida, with Ernie Perrin, a New Orleans light-heavyweight who is being considered for a match with Marty Burke at New Orleans.

Touchstone has defeated all of the light-heavyweight talent that the promoters of Florida boxing could un- derstand. He has won his battles with ease and outclassed a smart ring veteran like Dan O'Dowd in a recent battle.

The Miami youth has been given a tough assignment in Perrin, as both are out and believe in mixing things up.

In the opening eight-round bout "Pa" Stribling introduces a youth he is

priming to meet Fidel LaBarba, "Money Boy" Snipes, a young fighter product from Macon, Ga., will mix with Benny Regan, the popular little Atlanta flyweight, who has been beating down all comers.

Snipes has won much fame in Florida rings. He has been conceding weight and defeating the cream of flyweights and bantams in the Everglades. Snipes will have to carry a lot of guns to take the measure of the Atlanta youth.

Girl Pilot Spurns Offer of Veteran To Call Off Match

Doctors Declare Woman Driver Will Be Able To Start in Special Speed Duel—Many Stars Arrive With Cars Ready for Track.

In spite of a slight illness, Mlle. Joan LaCosta last night refused Louis Disbrow's offer to cancel the match race arranged between the two as an added feature of the auto races to be run at Lakewood Saturday afternoon.

Disbrow, learning of Mlle. LaCosta's illness, wired Oscar Mills, secretary of the Lakewood track, that in view of Mlle. LaCosta's condition, he would be willing to call off all agreements. His offer might have been taken up had he not added that "this is Mlle. LaCosta's chance to get out of the race if she thinks she has more than she can handle."

From her bedside in a Montgomery hotel, where a doctor, who is in constant attendance, promises to release her tomorrow, Mlle. LaCosta talked by phone to Mr. Mills last night. Indignant, first at Disbrow's offer, and more so at his insinuation that she might want to get out of the duel, she declared that "it would take lots more than a bad cold to keep me from running against Disbrow now." She felt much better last night, she said, and hopes to get to Atlanta sometime today, although her doctor has advised that she stay in Montgomery until Friday night.

Rain, which yesterday smoothed out the Lakewood track, kept several of the Saturday entries from trying out their motors, but they hope to get on the course today for a few fast laps. Arch Powell, Michigan titleholder, who will start his Yale special Saturday, arrived yesterday, and leaves his heavy type machine will easily outrun the new smaller machines entered by the other stars.

THE ATLANTA CONSTITUTION makes it possible for thousands of boys and girls in Georgia, and especially the city of Atlanta and suburbs, to possess The "Constitution Express."

This smooth-running, balloon-tired COASTER WAGON wins its way into the heart of every child that sees it. It's the dandiest COASTER WAGON ever given away by any newspaper. It has a large-sized hardwood body (16x36 inches) finished with glistening varnish and brilliant paint. Heavy steel bolsters front and rear are extra braced. Silent running roller bearings and extra heavy single disc wheels make this the fastest and hand-somest COASTER WAGON that you have ever seen. Tires are solid rubber and are of the full one-inch balloon type.

Strong---Swift---Silent

You cannot surpass this handsome "CONSTITUTION EXPRESS" wagon for strength and durability. No old-fashioned wood bolsters to split and crack—The "CONSTITUTION EXPRESS" has bolsters of heavy steel. Wheels have roller bearings, just like the big automobiles, and the full one-inch balloon-type tires make the coaster whiz by almost without a sound.

HOW TO EARN ONE

If you want one of these beautiful "CONSTITUTION EXPRESS" wagons, the first thing to do is to clip out the coupon at the left, bring or mail it to The Constitution for a Contest Book. When you get the book, if "Dad" isn't a subscriber to the Daily and Sunday Constitution, get his subscription first and then you will need two more.

THREE DAILY AND SUNDAY NEW SIX-MONTHS' SUBSCRIPTIONS.

That's all! Just three new Daily and Sunday six-months' subscriptions are required to earn one of these beautifully finished "CONSTITUTION EXPRESS" wagons. You are not to collect any money.

IT'S EASY WORK!

It will take you only a short time to get three new subscribers to The Constitution, because everyone knows that The Atlanta Constitution is Atlanta's outstanding newspaper. Besides helping you earn your "CONSTITUTION EXPRESS," the people who sign the agreement or contract for you are receiving the news of the world, interesting reading articles and features for every member of the family for six months.

Start right out now! It's more like fun than work. Get a contract book, secure from good, reliable, financially responsible subscribers, "signature of each," bring or send it to The Constitution office. After the subscriptions are verified and found "O. K.," the wagon is yours.

Read These Instructions Carefully:

Out-of-town workers must turn their coupon book of subscriptions, after it has been filled out with the required number of subscriptions, each signed by the subscriber himself, over to the local Constitution dealer for his acceptance of the new subscriptions.

Newsdealer will indicate his acceptance by writing on the back of the subscription agreement "O. K., accepted by me," and sign his name. Then the book with required number of accepted subscriptions to be sent to The Constitution.

COASTER WAGONS will be shipped by express (collect) to out-of-town workers. Those who live in Atlanta and suburban towns will get the wagons at The Constitution office.

Scientific Experts Discuss Utilization of Discoveries Of North Pole Explorers

See Prospect of Establishing Commercial Air Routes Through Polar Regions, Saving Great Distances.

BY THOMAS L. STOKES.

Washington, May 13.—The Arctic myth has been dispelled by the flight of the Norge over the blind spot of the polar regions, and scientific experts are turning toward utilization of the discoveries of Amundsen and his crew, as well as those of Byrd and Wilkins and others that are expected before this eventful season of exploration is ended.

Chief of the reactions to the recent explorations is the realization that the frozen north is not impenetrable, but is just another airway or dirigible ride. Clearing away this doubt that existed for centuries has opened the way for new developments, including possible future commercial air lines over the north pole.

Some experts here are enthusiastic over prospects of commercial air routes over the pole, the feasibility of which at some future date Secretary of the Navy Wilbur has pointed out, while trade officials in the department of commerce say anything of the kind is so remote that it is not worth considering.

Chargin Is Shown.

Commenting on a touch of chargin officials indicates a touch of chargin which first crossed the pole. Admiral William A. Moffett, chief of the bureau of aeronautics, among others, pointed back to the proposed polar trip of the Shenandoah two years ago, stating that he believed it would have been successful.

While his statement gave rise to reports that a move would be made to send the Los Angeles on a polar trip, Secretary Wilbur states emphatically that nothing of the kind will be done. "It's been done now. Why should the Los Angeles be sent to follow someone else's tracks?"

That was the way it was put by one officer, and his comment symbolizes a general feeling. Navy officials hold with Moffett that the dirigible is the ideal method for penetrating the polar regions, and say that the Los Angeles is much better equipped for the task than was the Norge, which is only half as large as the navy's one ship. The present opposition of Wilbur does not preclude a polar exploration at some future date by a navy dirigible, it is believed.

Dirigible Better.

Commander John Rogers, hero of the ill-fated Hawaiian flight, said that Moffett's view that the dirigible is better than the airplane for polar exploration has been confirmed already "by the performance of the Norge, regardless of what may be the final outcome of her present voyage." Rogers is assistant chief of the bureau of aeronautics.

Amundsen certainly appears to have a much better chance of finishing his flight successfully in the Norge than he would have had in the new exchange his dirigible for an airplane, Rogers said.

The navy is imbued with the ambition to do a thing first, and it was pointed out in this connection that its next aim probably would be a dirigible or airplane flight across the Pacific or both. The Norge's exploit has renewed the fever for trying new fields, that is certain.

Views as to future air lines over the pole are far apart. It was pointed out at the department of commerce that such trade routes would be too hazardous, and the idea was dismissed as impracticable. Trade follows the most convenient route, it was explained. Such lines would be of no value to United States trade, as 85 per cent of that is in the north Atlantic, and the south Atlantic trade is increasing. Air transportation will develop in these directions, it was said.

Optimistic Predictions.

In other quarters very optimistic predictions were made. Lieut. F. W. Reichelderfer, aerological officer of the aeronautics bureau, said he looked for this development and not at a far future date, pointing out that usually good weather conditions for flying in the summer months, when such lines would operate.

"When we look at the remarkable advances in airplane construction in

the last five years, we may expect great advances in the next five years," he said.

He explained that a north polar line would reduce by several times the present trade route distances from western Europe to eastern Asia, and said that such a line would be particularly valuable from England to Japan, cutting the time from 20 to 30 days, as now to four or five days. He admitted that a polar route would not add this country much in a direct way.

During the summer months, flying conditions in the polar regions are usually about the same as in the United States, some of the weather, Reichelderfer said. The temperature ranges from 10 to 15 above zero to as high as 40. Rain is comparatively light through the Arctic region, though windstorms are perhaps more frequent. There is also the possibility of fogs over open water. In the Arctic there is less likelihood of "bumps" air than in temperate climates, he explained.

One difficulty that must be encountered in polar travel is the freezing of rain and mist on dirigibles and planes, increasing the weight considerably. This caused planes to be forced down in a recent trip to Siberia.

If polar routes are established, weather stations must be set up. This will be a great aid to weather bureaus in this country, as disturbances which arise in the far north cannot be charted now because of the absence of stations in that region where much of the "weather" originates.

Dads of Emory Men To Gather Upon Saturday

BY SANDY CLOWER.

Emory University, Ga., May 13.—(Special.)—Dads of Emory men, many of them Emory men themselves, will gather from all parts of the south Saturday on the Emory campus to enjoy the companionship with their sons and the various events planned for their entertainment. Sponsored by the customs and traditions committee, the third annual "Dad's Day" will be ushered in with the registration of the proud fathers and their introduction to the professors. They will attend classes during the morning with their sons, observing the ways and means of "higher learning."

In the afternoon the fathers will be honor spectators at the Georgia state track and field meet which will be held on the local cinder path, and in which athletes from Tech, Georgia, Oglethorpe and Emory will be entered. Scenes of the athletes vying in friendly competition will bring back to the minds of the fathers the memories of the days when they could chin the pole with the best of them and out run a frightened oxen in ploughed ground.

After the track and field meet, several of the fraternities will keep open house in honor of the visiting days, and in the evening at 7 o'clock the university will stage the "Dad's day" banquet and father and son will hobnob across the board, discussing the happenings of the day. Vanderbilt's collection of the popular Emory orchestra which will accompany the Glee club on its trip to Europe, will entertain the guests with some of the popular jazz which is running the rounds, and the Glee club quartet will render several vocal numbers.

The program for Sunday includes a bus ride to Stone Mountain, a Sunday afternoon concert by the Emory orchestra, directed by Dr. Malcolm Howard Dewey, and open house held by the fraternities.

Invitations have been sent by Dr. Harvey W. Cox, president, and the customs and traditions committee, headed by Harwell Stovall, of Madison, Ga., to every Emory "Dad." The Emory Wheel, weekly newspaper, will run an extra "Dad's day" edition and every step will be taken to give favor for Emory in the sight of the visitors.

ARCHBISHOP ASKS SPIRIT OF WISDOM IN STRIKE CRISIS

LONDON, May 13.—(P)—The archbishop of Canterbury, who made a strong appeal for peace last Friday, today issued a statement endorsing Premier Baldwin's appeal of yesterday that the resumption of negotiations between the strikers and their employers be pursued in a spirit of cooperation and good will.

"I invite the prayers of every one that the spirit of wisdom and mutual understanding may be given to those upon whom will rest the responsibility of the discussions which must now take place," he said. "We shall all, I hope, bear with glad readiness our share in meeting the inevitable cost of reconstruction."

MASONIC PROPERTY SUBJECT TO TAXES

Property owned by Atlanta Masons at the corner of Peachtree and Cain streets occupied by the Masonic temple is subject to taxation by the city of Atlanta, according to a decision handed down Thursday by the supreme court. It had been contended that this property was devoted to charitable purposes by the Masons and was exempt from taxation.

The supreme court held that part of the property is leased to a store and that all the stock in the building is now owned by Masons, hence the property is subject to taxation. The property has an assessed valuation of \$175,000. City tax assessors several months ago notified owners that the property is subject to taxation.

ANOTHER BLOW DEALT CITY ZONING LAW

Another blow to the Atlanta zoning law was delivered Thursday when the supreme court ruled that the city had no right to prevent M. T. Morrow from using a garage in the rear of his home for a tire repair business. The property located at 55 Norcross avenue had been placed in an apartment zone.

Mr. Morrow had been using his garage for a part of his tire repair business under a permit granted him prior to the passage of the zoning law.

FITZGERALD LIONS TO ATTEND CONVENTION

Fitzgerald, Ga., May 13.—(Special.)—Headed by President W. A. Adams, a large delegation of Fitzgerald Lions will attend the annual convention of Lions clubs in Macon on May 21. The local club was recently organized and will work for better highways, rural schools and permanent bridges for De Kalb county.

G. M. A. CLOSING PROGRAM ANNOUNCED

College Park, Ga., May 13.—(Special.)—The Georgia Military academy will hold its twenty-seventh commencement beginning May 22 and extending through Wednesday morning, May 20, closing with the delivery of diplomas to the members of the senior class by Hon. Cyril C. Copp, of Jacksonville, Fla.

The first event on the commencement program, as announced at the school, will be the annual junior-senior debate on Saturday evening, May 22. On Sunday morning the commencement sermon will be delivered at the Baptist Tabernacle in Atlanta by Dr. Will H. Houghton, the pastor. On Monday evening an oratorical contest will take place at the school, in which members of each class will compete. The seniors with original orations and representatives from other classes with declamations.

Tuesday at noon there will be a meeting of the alumni association on the campus, immediately followed by the senior class-day exercises. On Tuesday afternoon the annual prize company and individual drills will be held. Graduation exercises, medal awards, scholarship awards and delivery of diplomas will follow the commencement address by Hon. Cyril C. Copp, prominent Jacksonville attorney, who is an alumnus of Georgia Military academy and a graduate of the University of Virginia.

The program for Monday evening is as follows: An original oration by Cadet Frank O. Evans, Gordon, Ga.; "Faith," original oration by Cadet Lamartine G. Hardman, Jr., Commerce, Ga.; "The Empire State of the South," Cadet Walter J. Wilson, Shreveport, La.; subject "The Elements of Success."

The following members of the junior class will offer declamations: Cadets St. Elmo Massengale, J. J. Atlanta; Dan Gilmer, Lavonia, and A. F. Williams, Wilson, N. C. The sophomore class will be represented in the contest by Cadets Daniel Atherton, W. N. Terbottom, Atlanta; Sam Shapiro, Miami, and A. S. Derby, Jr., Orlando. Freshman class declaimers are Cadets Clarence Feuer, Miami; William Albert Thornton, Atlanta, and L. D. Kance, Jr., Atlanta. The junior school will be represented by Cadets Morris May and Randolph W. Throver.

REGISTRATION BOOTH WILL TRAVEL CITY

A movable registration booth, which will go throughout the city, stopping a half day in each ward to give citizens an opportunity to register conveniently for city elections, again will be used this year in connection with "Registration Week," May 24 to May 29, according to an announcement by officers of the Atlanta League of Women Voters.

Mrs. J. W. Willis has been elected chairman of the eighth ward organization to succeed Mrs. L. D. T. Quinby, who has announced that she will leave Atlanta shortly for several months. The portable registration booth will be accompanied by a deputy from the city clerk's office. He will be assisted by a group of league members in each locality. A parliamentary school will be held by the league June 9.

PILOT'S WIFE ILL, AIR TRIP POSTPONED

Plans to hold a tea above the clouds in a gigantic Sikorsky airplane piloted by Captain Roscoe Turner Thursday afternoon were changed and the tea was postponed because of the illness of Mrs. Turner, who was to have acted as hostess. A party of officials of Division-Paxon-Stokes company, in affiliation with R. H. Macy and company, of New York, and prominent newspaper men had been invited to the tea.

Mrs. Turner was attacked by appendicitis Wednesday and was taken to a local hospital. No announcement has been made as to future plans for the tea.

Captain Turner recently brought the large plane to Atlanta for the Division-Paxon-Stokes company in affiliation with R. H. Macy and company, bearing a cargo of new dresses from New York for the Atlanta stores.

One Thin Woman Gained 10 Pounds In 20 Days

Skinny Men Can Do The Same

All weak men and women
All nervous men and women
All skinny men and women
Can grow stronger, healthier and more vigorous and take on solid, needed flesh in 30 days just by taking McCoy's Cod Liver Oil Compound Tablets four times a day—as easy as take a candy.

And what a hit these flesh producing tablets have made. One druggist tripled his sales in one week.

Everybody knows that nasty-tasting, evil-smelling Cod Liver Oil is a wonderful vitality, flesh producer and health creator.

But who wants to swallow the horrible stuff, when these wonderful tablets—McCoy's Cod Liver Oil Compound Tablets—are just as good and easy to take.

A box of 60 tablets for 60 cents and if any skinny man or woman doesn't gain at least 5 pounds in 30 days—money back. Ask Jacobs Pharmacy Co. or any druggist.

Be sure and get McCoy's, the original and genuine, and don't forget there is nothing on earth so good to make backward, listless, underweight children grow strong and robust.—(adv.)

The Law of the Talpn

By Louis Tracy

By U.S. Patent Office

Jim Parke, Hudson Bay company agent at Moose Lake, is greatly disturbed by a news item in an English paper announcing the coming marriage of Alistair Spenser Pantan to Eileen Grant and referring to the prospective groom as the heir presumptive to Lord Oban. The nobleman's only son, John Bridgnorth Pantan, had disappeared some years before and his death is about to be presumed by law. Parke decides to leave Moose Lake and go back to England.

Arrived at Edmonton, Parke tells a local newspaperman that he is John Bridgnorth Pantan, and the reporter suggests that he call on Mr. Leslie, the temporary head of the Hudson Bay company.

INSTALLMENT V.
AN ENIGMATIC COMMENT.

Now, five years of loneliness has taught John Pantan to think clearly and to speak plainly. Some men might have lost ground in both respects, but a steady purpose in life, plus that invaluable habit of memorizing whole passages from Shakespeare, had carried him triumphantly back through a fierce ordeal. Each minute back in civilization was giving him more poise. Even his ready-made clothing was already sitting more comfortably on his limbs.

So he laughed pleasantly.

"I haven't the least doubt that the law will set all sorts of traps for my innocent feet," he said. "But I must take the risk. I suppose the president of the Probate division, Lord Mountford, can order me to be brought before him in chains occasionally to give evidence. He seems to be a decent old scout. Anyhow, he has given me this chance, and I'm not dodging it. The fat's in the fire already. I cabled him from Athabasca this morning, and our friend here has broadcast some of the facts to the press."

Mr. Leslie allowed himself to look surprised, though secretly relieved that the initiative did not rest with him.

"Ah," he said, "that changes the situation entirely. Your appearance in the Probate court will be only a matter of form, as your own people will testify that you are not an impostor."

"My own people would cheerfully hang me, sir. That is why I came to Canada as a stoker on a tramp steamer and jumped the ship at Montreal. Somewhere there, in a boarding house, I may dig out an old war-time passport. I left a box of papers behind when I started out west."

"But I've done nothing of the sort, May."

May I explain that I am not going home because of the money and my reversionary interest in a peerage? I want to save that girl, Eileen Grant, from marrying my first cousin, the worst scoundrel now unhung."

Miss Maple Leslie, who had remained silent thus far, though following the conversation with a most intelligent interest, broke in now.

"Dad," she said, "we shan't be out late. Why not give Mr. Pantan a room here for the night, so that you and he can have a long talk when we come home?"

"I have a dog in a car outside," said Pantan before Leslie could answer, or, at any rate, before he had weighed the pros and cons of admitting an utter stranger to his house at a moment's notice.

"O, that's all right," smiled the girl. "The stables here would accommodate half a dozen elephants."

"But, unfortunately, Spot ought to sleep in my room until he becomes better acquainted with his surroundings. You see, he was born and has lived all his days at Moose Lake."

"Well, there's no difficulty about that, so long as he does not scare the maids."

"You two seem to have arranged things satisfactorily," decided Leslie. "Suppose we leave it at that, Mr. Pantan. My daughter and I must really rush off now, but the housekeeper will see to your comfort. What do you say? Shall we find you here on our return?"

So it was settled that way, because Pantan was not disposed to admit that he could ill afford to pay even a moderate hotel bill.

When Mr. Leslie and his daughter entered their waiting car the daughter was the first to tackle the real difficulty.

"Of course, you're just a wee bit doubtful, dad, as to the wisdom of seeming to support a man who may be an adventurer," she said. "Somehow, I feel that the Honorable John Bridgnorth Pantan has told us the truth. I don't think you are making any mistake in backing him."

"But I have done nothing of the sort, May."

"O, yes, you have. You agreed to his being our guest. You know perfectly well that you believe his story. And you were right. Shall I tell you why? I have seen English papers of a far later date than the one which caused all the rumpus, and I happen to remember that the marriage of Pantan's cousin and that girl, Eileen Grant, is fixed for tomorrow, Tuesday, June 9. I didn't want to make him miserable tonight by telling him, because he cannot do a thing to prevent it. But you may be sure there is no blunder. I recognized the picture he showed us. It was reproduced, only in a larger size, in the society journal which announced the date of the wedding, and I was interested on account of Miss Grant's good looks, together with the fact that she would become Lady Oban, owing to the disappearance of the right heir. Perhaps all the kinks may straighten out in the long run. And, anyhow, what has Eileen Grant done that is particularly good for the soul of John Bridgnorth Pantan? I should worry."

That last enigmatic comment seemed to strike Mr. Leslie dumb. He literally did not speak again until they reached their friends' drawing room.

It was, indeed, only too true that about the time Pantan finally went to his room, after a long talk with his chief in the presence of a most sympathetic listener in Maple Leslie, the girl of his dreams was waking in far-off London to a day which, in ordinary conditions, should be the happiest of her life. Yet Eileen Grant was not happy. She was almost convinced that she would never know another hour of real happiness. She was about to marry a man of means who was also heir presumptive to a peerage, but when she rose from her bed in her father's house in a small street off Eaton square and raised the blinds to let in the morning sun, she glanced at a mirror and shook a disapproving head at her own reflection.

"You're being rather horrid, Eileen," she told herself. "Within three hours you'll be walking up the aisle of St. Margaret's, Westminster, with the fixed purpose of promising to love, honor and obey Alistair Spenser Pantan as a dutiful wife for the rest of your born days. Of course, it only means that you will try to do these things. You may fail. I certainly cannot vouch for you. But you must play the game. There is no sense in advertising to all the world that however willing you may be to obey the said Alistair Spenser Pantan you simply loathe the idea of either loving or honoring him. Come, now, pull yourself together and carry your head high. After all, there is no one else. O dear! O dear! If only poor Jack had lived! Indeed, if only I knew for certain he was dead!"

She sighed deeply, but the time for tears was past. She had given her word, and her father had been strangely insistent that the wedding should take place without further delay. Nor could she plead honestly that she did not know her own mind. She was twenty-three years of age, and it had been settled ever since she was a child that she was the predestined mistress of Inverloch castle. True, the accepted scheme was that she should marry her childhood's sweetheart, but he had gone away after having done something so dreadful that his name was never mentioned by any one, not even by his own father. And that was nearly seven years ago. Never a word had come to her again from the gallant young Highland gentleman who was ever in her thoughts, while, within a few days, a judge of the high court would make legally effective an opinion already expressed: That Lord Oban's son was dead and that his cousin, Alistair, must succeed to all his rights and privileges. It was hard on Eileen Grant that the succession should include her as a bride!

But her father was adamant on that point. His estate marched with that of Inverloch for twenty miles or more, yet both were impoverished; the one could hardly survive without the other. An eccentric will made by Lady Bridgnorth, the only really wealthy person in either family, tended to complicate matters until the order of the court was secured. Now the way was clear, and Eileen must wed Alistair.

School and Cultural Affairs Vie With Social Events Today

A distinguished visitor in the city today is Mrs. St. John Allison Lawton, of Charleston, S. C., president general of the United Daughters of the Confederacy, who is en route to Birmingham to attend the Confederate reunion. Mrs. Lawton will be honor guest at a luncheon at the Biltmore hotel. She will also motor to Stone Mountain to view the memorial.

School affairs, including parties given in honor of "sweet girl graduates," commencement programs, plays and spring festivals, occupy an important place in the daily calendar. Prominent among the events today will be the annual tea given by the alumnae association of Girls High school in compliment to the members of the graduating class. An interesting feature of the occasion will be the voting for candidates and the award of the alumnae scholarship to Agnes Scott college. The candidates are Misses Lucile Coleman, Lois Combs and Mary Tucker.

The senior class of Agnes Scott will be complimented at a lovely tea this afternoon at which the sophomore class will entertain.

Of interest in cultural circles today will be the meeting of the Friday Morning Reading club at the home of Mrs. Albert Howell, Jr., on the Waterworks road, and the meeting of the Martha Berry circle with Mrs. Preston Arkwright as hostess at her home, "Pinebloom," in Druid Hills.

Among the charming visitors who will be central figures at parties today are Mrs. Sam Armistead, of Miami, the guest of her sister, Mrs. E. A. Erwin, and Mrs. P. H. Wood, of Chattahoochee, who is visiting Mrs. Richard Bennett at the home of her parents, Mr. and Mrs. S. F. Boykin, on Ponce de Leon avenue.

American Wholesale Grocers Given Banquet and Ball.

The largest social feature of the American Wholesale Grocers' association convention, was the brilliant banquet and ball given at the Atlanta Biltmore hotel Thursday evening. The banquet was held in the Georgian ballroom, at 7 o'clock. Dinner

Jacksonville: Mr. and Mrs. Edgar Watkins, Dr. and Mrs. L. O. Bricker, Mr. and Mrs. George W. Walker, Jr., and Mrs. E. B. Chase, of New York; E. D. Brinkley, of New York; L. R. Wing, Jr., of Chicago; R. H. Rowe, of Washington; Captain Irving O'Hay, and Miss J. F. Branscombe, of Washington. Following the banquet dancing was enjoyed until midnight. Three hundred guests were present.

Miss Beatrice Beard To Be Honored.

H. Cecil Sharp will entertain at the tea-dance Saturday afternoon at the Atlanta Biltmore hotel in honor of Miss Beatrice Beard, of New York, the attractive guest of Mrs. Ivor Kenway.

His guests will be Mr. and Mrs. Kenway, Mr. and Mrs. C. P. Lippitt, Mr. and Mrs. Bruce Woodruff, Mrs. Rhodes Haverly, Miss Aileen Lonsdale, Miss Callie Orme, Miss Margaret Nelson, Miss Margaret Elder, Joe Haverly, Hugh Carter, Joe Cooper, George Harrison, Dr. C. P. Hodge, Dr. Champney Holmes and Dr. Thomas Crenshaw, Jr.

First Methodist Business Woman's League Postponed.

The meeting of the First Methodist church has been postponed until Friday evening, June 11, at which time the president asks that all members be present.

Miss Newell Is Luncheon Hostess.

Miss Harriet Johnson and Miss Sara Johnson Perry, of New York,

who are the guests of their aunt, Mrs. L. F. Wynne, at her home on Lombardy way, were honored by Miss Ellen Newell at a luncheon on Thursday at the Piedmont Driving club.

Miss Holiday Gives Lovely Luncheon.

Two brides-elect, Miss Marie Donnelly and Miss Rose Bindewald, whose weddings will be interesting events of May, were honor guests at the seated luncheon at which Miss Caroline Holiday was hostess Wednesday at her home on Myrtle street.

Mrs. James Holliday assisted her daughter in entertaining her guests, who were:

Miss Rose Bindewald, Miss Marie Donnelly, Miss Julia Memminger, Miss Wehmelner Kean, Miss Evelyn Branch, Miss Margaret Bartley, Miss Margaret Hancock, Miss Margaret Minnahan, Miss Elizabeth Roser, Miss Frances Westmoreland, Miss Dorothy Coffin, Mrs. Manton Hester and Mrs. Daub.

Miss Margaret Collins Is Given Luncheon.

Miss Margaret Collins, of Philadelphia, the guest of Mr. and Mrs. Hugh T. Inman, on Peachtree street, was honored by Mrs. Dan Elkin at a luncheon Thursday at 1 o'clock at her home on Juniper street.

The guests included Miss Collins, Mrs. Hugh T. Inman, Mrs. Hugh Inman Richardson, Mrs. Bruce Woodruff, Miss Mary McCarty, Mrs. Frank Owens and Mrs. Elkin.

Rosita Renaud To Play for Music Club.

The Atlanta Music club will present Rosita Renaud, famous Chilean pianist, who was heard last season as soloist with the Atlanta Symphony orchestra, as the artist for its final morning musical of the season, to be held at 11 o'clock Wednesday morning, May 10, at the Atlanta Woman's club auditorium. Miss Renaud was called to Washington, D. C., last month to play for a formal affair at the Chilean embassy and has been accorded many similar honors in recent seasons.

This concert will mark the close of the Atlanta Music club's 1925-1926 season. The annual Music club luncheon will be given in the Woman's club banquet hall immediately after the morning program Wednesday. Members of the music club and their friends are urged to attend the luncheon. Reservations may be made \$1.25 per plate by calling Mrs. George Brower, Hemlock 0560.

Habersham D. A. R. To Meet Saturday.

The Joseph Habersham chapter D. A. R. will hold its regular monthly meeting in Habersham hall, Saturday, May 15, at 3 o'clock in the afternoon. This will be a meeting of unusual interest and a full attendance is requested. Mrs. J. C. Gentry, who recently resigned as regent of the chapter on account of ill health, will preside, this being the last meeting at which she will officiate as her resignation becomes effective today. A new regent will be elected at this meeting, also a first and second vice regent.

Reports from the continental congress in Washington will be heard and also the annual reports of the officers and chairmen of the chapter. During an intermission, Mrs. Horatio Perice, a talented artist, will sing several selections to the accompaniment of Miss Helen Schaid, pianist. The newly elected officers will be installed with appropriate ceremonies.

Mrs. Chester Johnson Heads Woman's Club of West End

Mrs. Chester Johnson was elected president of the West End Women's club at the meeting held at the clubhouse Wednesday afternoon, May 12. Mrs. Johnson, who has been the efficient first vice president of the club, succeeds Mrs. DuPont Murphy. Other officers elected at the meeting on Wednesday were Mrs. George W. Grant, first vice president; Mrs. W. O. Petty, second vice president; Mrs. Norris Harris, recording secretary; Mrs. E. G. Hudson, assistant recording secretary; Mrs. J. H. Legien, treasurer; Mrs. E. L. Hutchins, assistant treasurer; Miss Margaret Griffith press representative; Mrs. L. M. Ahern, auditor, and Mrs. Jeff Wright, corresponding secretary.

Another interesting feature of the meeting was the passing of several amendments to the constitution of the club. Mrs. Walter Scott Coleman will entertain at luncheon at the Woman's club this afternoon at 4:30 o'clock, and the party will be composed of 18 ladies. Those invited are Mrs. Charles Godfrey, Mrs. Frank L. Stanton, Mrs. Port E. Land, Mrs. Earl F. Scott, Mrs. J. R. Watts, Mrs. Howard McCall, Mrs. Hamilton Douglass, Mrs. Rosa Jones, Miss Alice Baxter, Mrs. Andrew Lloyd, Mrs. Harold Nicolson, Mrs. D. R. Wilder, Mrs. J. Van Harlingen, Miss Waverly Huson, Miss Fitts McRae, Mrs. D. J. Jones, Mrs. Ivy F. Thompson.

Advise Women

to adopt new hygienic method and retain freshness this way; true protection; discards like tissue

LARGELY on medical advice, women are abandoning the old-time "sanitary pad" for a new way that supplants uncertainty with positive protection.

Sheer frocks and ill-timed social engagements no longer remain as worries. Lost days are fewer, and health better.

It is called "KOTEX." Ends the insecurity of the old-time sanitary pad. Five times as absorbent! And odorless—ends ALL fear of offending.

✓ As easily disposed of as a piece of tissue. No laundry. No embarrassment.

You get it at any drug or department store simply by saying "KOTEX." You ask for it without hesitation.

Costs only a few cents. Eight in 10 better-class women employ it. Proves the risk of old ways.

Tech High P-T. A. Keeps Open House.

The honor students of Tech High in the southern and state conferences will be introduced today when the Tech High P-T. A. keeps open house from 8 to 2 p. m. Tech High students won first in oratory, second in debate and other literary honors in the Southern conference. In athletics they won in nearly every event. All who have boys in Tech High or who have boys to enter next term, are invited to attend.

The Tech High P-T. A. under the leadership of Mrs. George Obar, Jr., the president, has made a splendid record the present year. Nearly two hundred new members have been added and large donations made to the athletic activities of the school. Among the speakers have been F. H. Neely, general manager and secretary of M. Rich & Bros. Co., who showed the value of a technical training in other than strictly technical positions; Willis Sutton, superintendent of schools, on health; and Judge Garland Watkins, of the juvenile court, on juvenile delinquency and its cure. A short business session will be held at 11:30 a. m. when officers for next year will be elected.

Mrs. W. Snead Weds**Mr. Rogers in Tennessee.**

Cordial interest centers in the marriage of Mrs. W. Snead to J. H. Rogers, which was quietly solemnized in Chattanooga Thursday, May 13.

The bride, who is an unusually attractive young woman of the blonde type of loveliness, is beloved by a wide circle of friends. She has lived in Atlanta practically all of her life, with the exception of several years spent in Cleveland, Ohio.

Mr. Rogers is owner of the Acme Auto Service company and is a very successful young business man. After a motor trip through Tennessee and North Carolina, Mr. and Mrs. Rogers will make their home on Peachtree road.

Atlanta Chapter, D. A. R., To Elect Officers.

Of interest will be the annual election of officers to be held at the business session of the meeting of the Atlanta chapter, D. A. R., at 3 o'clock Saturday afternoon, May 15, at Craigie house. The regent, Mrs. Lucius McConnell, will preside.

An artistic feature of the program will be a number of songs by Miss Margaret Nelson, accompanied by Miss Edith Holliday.

The presentation of eight medals offered by the chapter to the pupils of the Junior High schools of Atlanta for the best essays on revolutionary historical subjects has been arranged by the chairman of the medal committee, Mrs. Bun Wylie.

Reports of the chapter's delegates who attended the 35th Continental congress, National society of D. A. R., will complete the program.

Mrs. Williams Honored At Bridge Party.

Mrs. E. B. Sutton entertained at bridge Thursday afternoon in honor of her aunt, Mrs. Minnie P. Williams of LaGrange, Ga., who is the guest of Mrs. Jessie Sutton, at her home in Decatur. Mrs. Williams and other bright spring flowers were used in baskets.

The guests were Mrs. Williams, Mrs. Jessie Sutton, Mrs. E. B. Sutton, Miss Emma Davis, Mrs. William Allen, Miss Ida Story, Mrs. Hugh Trotter, Mrs. A. C. Henderson, Mrs. Weyman Hickey, Mrs. Guy Webb, Mrs. W. F. Haywood, Mrs. Leon O'Neil, Mrs. J. C. Gleason, Mrs. G. W. Glouster, Mrs. John Montgomery, Mrs. J. W. Dobbins, Mrs. Marshall George, Miss Katie Millege.

Mrs. Bennett Honors Visitors.

A delightful affair of Wednesday was the tea honoring Mrs. P. H. Wood, of Chattanooga, Tenn., and Miss Mary Taylor, a bride-elect of Cochran, Ga., formerly of Atlanta, given by Mrs. Richard H. Bennett, of Chattanooga, Tenn., who is spending two weeks at the home of her parents, Mr. and Mrs. S. P. Boykin, on Ponce de Leon avenue.

The hostess was assisted in entertaining by the sister, Miss Frances Boykin, and Miss Venice Mayson, Miss Lella Ponder, Miss Julia McCullough, Miss Emma Lake, Mrs. Franklin Chalmers, Mrs. Andrew Garner, Mrs. T. J. Kelly, Jr., Mrs. J. H. Moody and Mrs. Heyward Dudley, Jr. Fifty friends of the hostess and honoree were present.

Mrs. Selman Will Honor Mrs. Johnson.

Mrs. J. T. Selman will entertain informally at bridge Saturday afternoon at her home in Druid Hills in compliment to Mrs. E. R. Johnson, who leaves Sunday for an extended visit to St. Louis.

The guests will include a group of mutual friends of the hostess and honoree.

Miss Davis Weds**Donald C. Shropshire.**

Mr. and Mrs. Dorothy Davis, of Atlanta, announce the marriage of their daughter, Annie Montaine, to Donald C. Shropshire, on Thursday, March 18, in Chattanooga, Tenn.

Mr. and Mrs. Shropshire will make their home in Kansas City, where he holds a responsible position with the Coca-Cola company.

Elwood City, Pa.—Mrs. Floyd Thorpe opens a water faucet and hears a radio concert without the use of the head-phones. She says she has received music that way for the last week. Electricians and radio fans here are unable to explain the phenomenon.

SULTAN ATTENDS FAIR AND MINGLES WITH POPULACE

Fez, French Morocco, May 13.—(By A tradition, centuries old in Morocco, went into the discard today when Sultan Mulai Yusef appeared at the great fair and mingled with his subjects on foot instead of remaining aloof, surrounded by ancient ceremonies.

His appearance created a great sensation among the native population. The younger element greeted it favorably as showing the progressive spirit of the sultan, while the more conservative part of the population expressed regret at the passing of the old tradition.

It has long been the custom in Morocco that the sultan appear in public either surrounded by a heavy guard under a portable throne or mounted on a spirited horse. The Sultan showed much interest in the exhibits and bought freely at the booths, his purchases ranging from a thoroughbred stallion to a mechanical piano.

Although fighting between the Rifis and the French and Spanish forces is going on within 50 miles of Fez, the population is temporarily ignoring the war and thronging the fair grounds.

Federal Probe Of Mexican Mine Project Likely

Chicago, May 13.—(By) Federal investigation of an abandoned Mexican silver mine project into which investors in this country are said to have poured a million dollars without likelihood of return, was indicated as probable today by private operatives who brought about the arrest of three alleged principals in the scheme here yesterday.

Farrell Chamblain, detective, who as a "prospect" uncovered an alleged international organization illegally promoting sale of stock in Mexican property, said he was prepared to go before a federal grand jury and present evidence for indictments charging use of mails to defraud.

POLICEMEN SEEK TRIO WHO HELD UP STAMFORD OFFICER

(By Leased Wire to The Constitution and The Chicago Tribune.)
New York, May 13.—The police of Stamford, Conn., and Greenwich, Conn., are seeking trace of two gunmen and a woman who stopped in Stamford this morning by Motorcycle Police Officer Schleichner, on suspicion of overpowered him, pistol point, took his revolver and handcuffed him, with his own handcuffs, to an iron fence. The trio pretended the woman was sick, to carry out their get-away. Schleichner released himself five minutes later and pursued. Meanwhile the trio had driven past two Stamford and one Greenwich policemen at high speed, and they disappeared somewhere between Greenwich and Port Chester.

DOGS HAVE RIGHT TO BARK, JUDGE DECIDES IN ROW

Washington, May 13.—Dogs have certain barking rights, Judge McMahon declared in police court when a neighborhood row over a noisy Alredale was brought to him.
"Unquestionably a dog has certain rights and may be allowed to bark sometimes," the judge said. He suggested that the owner lock the dog in the cellar in the evening when his barking was most offensive to the neighbors.

HENRY HIGHWAY OPENS SATURDAY

Hampton, Ga., May 13.—(Special.) The new concrete highway in Henry county, extending from Lovejoy to Hampton, a distance of four miles, is to be opened to traffic Saturday, it is stated here. This is a fine stretch of hard-surfaced road, constructed by Pittman Construction company, of Atlanta.

This road is one of the links in the Dixie highway, Atlanta to Macon, and with the exception of a short stretch in Clayton south of Jonesboro, and a few miles in Henry, south of Hampton to the Spalding county line, there is continuous ribbon of concrete from Atlanta to eight miles south of Griffin. These breaks are to be paved soon, it is announced.

The highway south of Hampton has been relocated and the grade crossing here has been eliminated by a bridge over the Central of Georgia railroad, the highway continuing on the east side of the railroad for several miles. The first grade crossing on the Dixie highway south of Atlanta now is at Milledgeville.

The Henry county stretch south of Hampton will be paved as soon as the new road has settled, as it is an entirely new road from here to the concrete highway in Spalding county. The project to be opened Saturday built at a cost of more than \$100,000.

AQUEDUCT DYNAMITED BY ANGRY RANCHERS

Los Angeles, May 13.—A bitter feud of three years standing between the Owens Valley ranchers and Los Angeles was climaxed near Lone Pine Thursday when a group of indignant ranchers dynamited the Owens river aqueduct, the city's principal water supply.

The blast destroyed a section of the open line of the aqueduct which is a huge cement ditch. According to reports more than a 100 second-foot flow of water was escaping as the result of the blast before upper water gates were closed.

Third Demonstration.
The blasting was the third demonstration against the city's water policy in the Owens Valley. The ranchers contend that the city of Los Angeles is turning their farm lands into desert by draining it of all water.

The aqueduct was blown up at a point two miles north of the dynamiting in September, 1923, and one-half mile south of the flood gates at Alabama Hills which were seized by a mob of Owens Valley ranchers a year ago.

At the time the farmers stood guard over the captured flood gates for seven days while the water was diverted into their valley farms.

Temporary Break.
The break in the aqueduct will affect the city's water supply only temporarily, according to H. A. Van Norman, assistant chief of the Los Angeles water bureau.

It can be repaired within 24 hours, Van Norman said. In the meantime the city will use up the water in one of several storage reservoirs near the city.

LaGrange To Turn On Whiteway System Tonight With Program

LaGrange, Ga., May 13.—(Special.) LaGrange is making extensive preparations to celebrate the opening of the white way system here Friday night. The city schools as well as LaGrange college and all civic organizations will take part in the program. The exercises will begin promptly at 7 o'clock.

Many athletic events will be staged and sharply contested as the merchants of the city have donated handsome prizes for the winners.

Two local bands, together with the Fort McPherson band will furnish music for the occasion.

The fourth district American legion meet is scheduled to convene Friday afternoon and delegates to that convention will swell the attendance. The chamber of commerce and the mayor have issued invitations to a number of people.

The principal business streets of the city will be illuminated which is a modern, progressive step for the city.

Girl Is Fined \$5 for Smoking On Ferry Boat

(By Leased Wire to The Constitution and The Chicago Tribune.)
New York, May 13.—A gasp of horror shattered the tense silence of the Morrisania courtroom.

"Terrible!"

"Awful!"

"What is the world coming to?"

Magistrate Edward J. Weil cleared his throat. A judicial frown furrowed his brow. The majesty of the law had been flouted—heinously, wrongfully, and beyond the shadow of a doubt. "Did you really do it?" there was a note of incredulity in the magistrate's voice. The courtroom became quiet. All eyes fastened on a young woman who stood before the bar of justice. Her gaze did not falter. She spoke.

"Yes, I did—I smoked my after-breakfast cigarette on the Classon Point ferry boat." Simply and calmly spoke Virginia Barnes, 24, of 327 East 208th street, in admitting the monstrous offense against society.

Here crime punishment was in order. "I fine you in the sum of \$5—\$3 of which is for smoking on the boat and \$2 for having that much nerve."

Miss Barnes paid and left the courtroom with 12 men who had been arrested for the same offense and fined only \$3.

NEGRO IS CLEARED OF MURDER CHARGE IN RACE TROUBLE

Detroit, Mich., May 13.—(By) Henry Sweet, negro, was acquitted of a charge of murder by a jury here late today, in connection with the slaying of Leon F. Briener, during a race disturbance here last September. Briener was shot by volleys which police said were fired from the house of Ossian H. Sweet, negro doctor.

The house, which was located in a section occupied exclusively by white persons, had been purchased by the negro doctor. Police were on guard at the place because of fear of race trouble when the shooting occurred.

RUNAWAY COUPLE SOUGHT BY HUSBAND

(By Leased Wire to The Constitution and The Chicago Tribune.)
Madison, Conn., May 13.—A runaway couple, each of whom is married, is being sought by a despairing young husband in Madison, who tonight enlisted friends in New York to aid his search. One of the missing pair is Ellsworth Bassett, former chauffeur, and small-town handy man, who jumped into the limelight as business manager for Nina Wilcox Putnam, the writer.

Bassett's wife at that time charged Mrs. Putnam with breaking up the Bassett home here.

The other missing person is a young wife of Madison, Mrs. Muriel Adele Blanchard Nelson, 23. Her husband declares she and Bassett threatened to elope and he fears they have carried out their plan.

Bassett disappeared from Madison shortly after Miss Putnam obtained her long-sought divorce from Robert J. Sanderson. At first the town was astir with the idea that he had gone to rejoin Miss Putnam, who lives at Delray, Fla.

It developed today that Bassett and Miss Putnam are no longer friends—and have not been since the notoriety resulting from their association threw the writer into a nervous breakdown.

"My wife and Bassett were seen driving toward New York," said Nelson tonight at his home here. "They were in Mrs. Nelson's car."

TREND DOWNWARD *Bear Attempt To Crack*
ON CHURCH MARKET *Nash Motor Shares Fails*

Some confusion resulted from the fact that the Pacific Oil, formerly quoted around \$43.4, appeared on the tape around 1 and 1-2-8 a share, but this was explained by the fact that the stock was quoted minus one share of

which recently absorbed the Pacific company through an exchange of stock and whose stock sells around 53 3/4 share.

Cracking and filling movements characterized the general industrial market with marked heaviness shown by allied Chemical, Baldwin, DuPont, International Cement and Radio Corporation. Local reactions were strong, and submarkets for Wheat, Corn, Cotton, and Gotham Silk Hosiery, Kelsey Wheel and Tobacco Products, all up 2 to 3 points.

Reactionary price movements also predominated in the commodity market. Wheat futures sagged sharply on reports of an improved crop outlook. Better weather also was held

responsible for a reaction of 14 to 20 points net in cotton prices. Raw sugar was unchanged, but futures yielded slightly. Coffee closed unchanged and 8 points higher.

Call money renewed at 3-3-4 cents, and held steady at that figure all day. Money and commercial paper rates were unchanged.

Foreign exchanges were irregularly lower. Demand sterling held firm around \$4.85 7-8, but French and Belgian francs were slightly lower around 3.131-25 each.

Grain prices were mixed. Corn advanced nearly 30 points to a new low record at 3.70 cents. Polish silos also dropped a full cent to a new low at 9.00c.

Another Convention Won.

Announcement that the 1927 convention of the National Commercial Fixtures Manufacturers' association will be held in Atlanta in April or May was made Thursday by Frederick Houser, secretary of the Atlanta convention bureau. Atlanta won the convention in competition with 15 other cities. J. B. Womack, of Atlanta, a member of the association, attended the Detroit convention of the body and led the successful fight for Atlanta.
